

PMSHRI KENDRIYA VIDYALAYA AFS TUGHLAKABAD

BIOLOGY LAB ACTIVITIES

Biology lab is well equipped with all the latest laboratory apparatus uses. Various lab activities for class XI & XII are conducted as per the CBSE curriculum provided.

.To inculcate the inquisitiveness among the students of lower classes, fortnight visit to the lab is planned. Students are allowed to explore the parts of different devices such as compound microscope, dissecting microscope etc, on their own and let them come up with all the questions arising in their mind.

**Chemistry Laboratory Report**

Our vidyalaya PMSHri KVAFS Tughlakabad is well equipped with Chemistry lab with modern scientific instruments as per CBSE guidelines. Students (senior as well as junior) gets hands on experience by doing experiments themselves under the guidance and supervision of their teachers.

Our lab is a marvelous place for learning with joy.

Equipments and apparatus-

The lab is equipped with electronic balance, Hot plate, Magnetic stirrer without hot plate and various chemicals as per requirements.
