Field Trips & Educational Excursions

PM SHRI Kendriya Vidyalaya, Air Force Station, Tughlakabad, New Delhi

ACADEMIC SESSION — 2024-25

1. INTRODUCTION

In keeping with NEP 2020's emphasis on experiential, joyful learning and PM SHRI's vision of holistic student development, PM SHRI Kendriya Vidyalaya, Air Force Station, Tughlakabad, New Delhi organised a series of educational field trips for students during the 2024-25 academic session. These excursions took students beyond the classroom to scientific, cultural, and historical sites across Delhi and Agra, allowing them to experience first-hand what they learn through textbooks.

2. IMPLEMENTATION

The following excursions were conducted during the 2024-25 session:

- **Book Fair — Class 4 (14 Jan 2025):** Students visited a book fair, exploring a wide range of story books and educational material, encouraging independent book selection and reading interest.
- **National Science Centre — Class 5 (27 Jan 2025):** An interactive session exposing students to scientific concepts through hands-on exhibits and demonstrations.
- **National Science Centre — Class 4 (28 Jan 2025):** A follow-up visit for Class 4 students to explore the Science Centre's galleries and interactive displays.
- **National Bal Bhawan — Class 3 (30 Jan 2025):** A visit to India's premier children's institution, exposing students to creative, recreational, and educational activities designed for young learners.
- **National Rail Museum — Class 2 (31 Jan 2025):** Young students explored India's railway heritage through vintage locomotives and exhibits, building awareness of transport history.
- **Mughal Garden, Rashtrapati Bhavan — Class 3 (19 Feb 2025):** A heritage and horticulture visit to the President's Estate gardens, exposing students to India's architectural and horticultural heritage.
- **PM Sangrahalaya — Class 5 (25 Feb 2025):** A visit to the Prime Ministers' Museum, strengthening students' understanding of India's political history and the contributions of its former Prime Ministers.
- **Taj Mahal, Agra — Class 5 (18 Mar 2025):** A heritage excursion to one of the Seven Wonders of the World, giving students first-hand exposure to Mughal architecture and India's cultural heritage.

Each excursion was accompanied by class teachers, with students engaging directly with exhibits, guides, and heritage sites, turning classroom concepts in science, history, and civics into memorable, real-world learning experiences.

3. FUND UTILISATION

PM SHRI grant funds were utilised to support transportation (bus hire) and entry tickets/passes for students visiting these scientific, cultural, and historical sites, enabling wider student participation in experiential learning excursions beyond the school premises.

4. POSITIVE IMPACT

- First-hand, experiential exposure to India's scientific, historical, and cultural heritage, reinforcing classroom learning in science, history, and civics.
- Broadened worldview and curiosity among students through direct interaction with museums, heritage sites, and interactive exhibits.
- Stronger practical understanding of concepts through hands-on, real-world engagement rather than textbook learning alone.
- Memorable shared experiences that strengthened peer bonding and student-teacher relationships outside the classroom.
- Greater appreciation of India's scientific institutions, historical monuments, and cultural landmarks among young learners.
- Alignment with NEP 2020's and PM SHRI's vision of experiential, joyful, and holistic education.

ACADEMIC SESSION — 2025-26

1. INTRODUCTION

Building on the excursion programme conducted in the previous session, PM SHRI Kendriya Vidyalaya, Air Force Station, Tughlakabad, New Delhi has continued organising educational field trips for students during the 2025-26 academic session, further reinforcing PM SHRI's emphasis on experiential, joyful learning beyond the classroom.

2. IMPLEMENTATION

The following excursions have been conducted so far during the 2025-26 session:

- **National Science Centre — Class 3 (9 Oct 2025):** Students explored interactive science exhibits, including displays such as the Self-Centred Mirror and Colour Pyramid, building curiosity about scientific phenomena.
- **Akshardham — Class 4 (14 Oct 2025):** A visit to the Akshardham cultural and spiritual complex, exposing students to Indian art, architecture, and cultural heritage.

As in the previous session, these excursions were accompanied by class teachers, giving students direct, experiential exposure to scientific and cultural landmarks beyond the classroom.

3. FUND UTILISATION

PM SHRI grant funds were utilised to support transportation (bus hire) and entry tickets/passes for students visiting these scientific, cultural, and historical sites, enabling wider student participation in experiential learning excursions beyond the school premises.

4. POSITIVE IMPACT

- First-hand, experiential exposure to India's scientific, historical, and cultural heritage, reinforcing classroom learning in science, history, and civics.
- Broadened worldview and curiosity among students through direct interaction with museums, heritage sites, and interactive exhibits.
- Stronger practical understanding of concepts through hands-on, real-world engagement rather than textbook learning alone.
- Memorable shared experiences that strengthened peer bonding and student-teacher relationships outside the classroom.
- Greater appreciation of India's scientific institutions, historical monuments, and cultural landmarks among young learners.
- Alignment with NEP 2020's and PM SHRI's vision of experiential, joyful, and holistic education.
