Ref : No. F-25112/2015-16/Burdwan/Admn(Building)/153 dated 07.07.2015

Dear Sir,

In response to your communication on the subject at reference our representative Shri A. Mondal, Dy Project Head had visited the school on 05.08.2015. He had inspected the building alongwith your officials Mr. Pandit & Mr Majumdar. It is gathered that the school building had been constructed and handed over in 2005. Our observations on visual inspection are as follows :

1. No signs of crack or damage of structural members like columns, beams , slab or walls are observed .
2. On roof top one of the overhead tanks having leaky pipelines making the roof wet and stagnating water. This is likely to percolate below damaging the roof. Needs maintenance.
3. The waste disposal pipes outside the toilets are damaged at places causing seepage to the walls . Needs remedial measures .
4. Inside painting of the building is fairly good but outer surface needs good painting to save outside damages due to weather effects.

No. Adv (Project)/Kol.Proj/KV-Burdwan/2015/611

On visual inspection no significant wear and tear has been observed in the school building .

Thanking you,

Yours faithfully,

For Hindustan Steelworks Construction Limited.
