Ref. No.: IITP/D/Admin/School/Structural Safety/2024/01

Date: 29.04.2024

To Whomsoever It May Concern

This is to certify, based on records and information provided by the institute works department (IWD), of the institute that the higher secondary school building design and construction has been completed in compliance of the structural safety standards and norms in India.

The appointed construction company, for school building construction following due process of law, has also got the design, drawing and actual construction vetted by a third party expert and the third party inspection report (enclosed) as provided by the institute IWD has declared the school building to be safe from the structural engineering point of view.

This certificate is valid for one (01) year from the date of issue.
