INSTRUCTIONS:

1. All the members of the above committee must ensure that they all work together hand in hand. It has been observed in the past that *“only the I/C has been taking all the initiatives and other members are neither extending co-operation nor taking initiative which is not correct. Succes of any institution depends on how the team work together.”*
2. Henceforth, it is expected that *“all will work together and prove this institute as a pace setting institute in every sense.”*
3. I wish to leave you by quoting an African proverb, *“if you want to go fast, go alone, If you have to go far, go with good company.”*
4. The U/S wishes you all well in this future endeavor. I am sure that for the sake of the students, we all will remain positive & work for the betterment of the learning community and prove that this academic session 2026-27 is the best & most successful for both the teacher & the taught.

Principal
