**स्वच्छता पखवाड़ा का विवरण 01 to 14-09-2024**

**Swachh Bharat Abhiyan** is a nationwide campaign initiated by the Government of India on October 2, 2014, to eliminate open defecation and improve solid waste management. The mission aimed to create Open Defecation Free (ODF) villages and cities by October 2, 2019, which was the 150th birth anniversary of Mahatma Gandhi. It has become a cornerstone of community development and public health initiatives nationwide. The campaign aims to promote a culture of hygiene, sanitation, and environmental awareness. This report will delve into the significance of cleanliness campaigns and provide insights into a successful implementation of the programme in our school.

Students are encouraged to keep their surroundings clean, segregate waste, and practice good hygiene habits, such as regular hand washing. Teachers play a pivotal role in guiding and motivating students, making cleanliness a part of their daily routine. Through these efforts, the Swachhta Campaign in schools aims to foster a sense of responsibility and environmental stewardship in the next generation, contributing to the overall success of the national mission.
