

### **Compensation of Academic Loss Programme (CALP)**

Whenever students, individually or as a group, go out of school for extra-curricular activities like sports, games, EBSB, etc. in which they bring laurels to the Vidyalaya, the institution takes it as its responsibility to compensate the academic loss they have suffered while away. The school on their return arrange classes with a special timetable along with the existing routine so that students cover their syllabus and catch up with the progression.
