REPORT ON VIDYANJALI PORTAL

(2024-25)

Vidyanjali is an initiative taken by the Ministry of Education, Government of India aims to enhance the quality of school education by involving community volunteers. Our Vidyalaya has actively participated in this initiative to improve the educational experience and infrastructure.

Implementation in Our Vidyalaya-

***Onboarding Process:** Our school registered on the Vidyanjali portal and initiated the process of engaging volunteers from the community, including parents and teachers. We keep on exploring the opportunities to benefit the Vidyalaya from Vidyanjali portal. The dashboard link of Vidyanjali portal in r/o of KV No.2 F.C.I. is attached herewith for reference.

Link:-

***Volunteer Engagement:** We have successfully motivated parents and teachers to volunteer in various capacities. Our teachers have been trained about the registration in the portal. All the teachers have been registered as the volunteers. Their involvement has been crucial in supporting our educational activities and infrastructure needs.

Activities and Contributions

***Infrastructure Development:** We have requested essential articles such as laptops and printers, which have significantly enhanced our digital infrastructure and administrative efficiency. We are looking forward to receive the support and resources early.

Vision for Future Plans

***Expansion of Volunteer Base:** We aim to expand our volunteer base by reaching out to more community members and local organizations.

***Infrastructure Development:** Our future plans include further improving our digital infrastructure, setting up smart classrooms, and enhancing library resources.

***Community Engagement :** We envision a stronger partnership with the community, encouraging more active participation and support for our school's initiatives with the help of the portal.

By fostering partnerships and collaborations, the Vidyanjali portal aims to create a comprehensive and inclusive learning environment, ultimately benefiting students and shaping India's future. The implementation of the Vidyanjali portal in our Vidyalaya has been a positive and impactful experience. We are confident in our ability to further enhance the educational experience for our students and achieve our vision for the future.
