EVS ACTIVITY
SEARCHING ANIMALS AROUND SCHOOL

Plants and Animals Living Together

Activity Objectives:

- To observe animals and plants in our school surroundings.
- To understand how plants and animals live together.
- To develop curiosity, observation and love for nature.

What We Found:

- Ants on the ground
- Butterflies near flowers
- Birds on trees
- Snails on the wall
- Insects on plants

Conclusion:

We saw many animals and plants living together in our school. We should care for them and keep our environment clean.

Let's Protect Plants and Animals!
