

## **Class 12 Geography – Holiday Homework**

### **Theme: Agriculture: Backbone of the Economy Assignment:**

Collect, Describe, and Conclude about Agriculture!

#### **Part 1: Types of Agriculture**

- Collect 5 pictures showing different types of agricultural practices:
- Subsistence farming
- Commercial farming
- Plantation farming
- Mixed farming
- Shifting agriculture

#### **For each picture:**

- Paste neatly.
- Write a short description (5–6 lines):
- Name of the farming type
- Where it is commonly practiced (India or world)
- Key features

#### **Part 2: Major Crops of India**

Collect pictures of any 5 major crops:

- Rice
- Wheat
- Cotton
- Sugarcane
- Tea (or any crop you studied)

#### **For each crop:**

-----

- Paste the picture neatly.
- Write a short description (5–6 lines):
- Major producing states
- Conditions required (climate, soil)
- Economic importance

#### **Part 3: Agricultural Challenges**

Collect 3–4 pictures showing problems in agriculture like:

- Soil erosion
- Water scarcity
- Overuse of fertilizers and pesticides
- Climate change impact on farming

#### **For each:**

- Paste the picture neatly.
- Write a short description (4–5 lines):
- What problem is shown?
- How does it affect agriculture?

#### **General Instructions:**

- Use A4 size sheets or a file.
- Make a Cover Page with the title:  
Agriculture – Life and Livelihood
- Add an Index page.
- Write neatly with headings, small colourful borders if possible.

Submission timeline: First week after holidays.
