KV GC CRPF AGARTALA **Vidyalaya Plan**

STEPS TO BE TAKEN TO ACHIEVE 100% RESULT: -

- 1. More practice during classes to increase accuracy of students to avoid small mistakes.**
- 2. Maximum use of ICT infrastructure and online resources available.**
- 3. Formation of peer study groups and revision of HOTS questions.**
- 4. Appointing students as leaders of heterogeneous groups for reinforcement of content and practice.**
- 5. Practice of questions of higher difficulty level.**
- 6. Tips for better presentation and time management skills- time limit for various question types.**
- 7. Discussion and writing of sample question papers. Encouragement, motivation and parental support.**
- 8. The design of the new question paper pattern will be analyzed and studied thoroughly.**
- 9. More time will be devoted for those chapters which have been assigned more marks by CBSE.**
- 10. Frequent tests will be organized such as class test/ slip test/ Viva/ formula test/ Theorem test etc. for better performance in board examination.**
- 11. Writing speed matters a lot since CBSE Question papers are large and lengthy therefore, students will be emphasized in order to increase the writing and problem-solving skill.**

- 12. Various model question paper of a new design will be collected from CBSE website and given for regular practice.**
- 13. Revision methodology will be maintained for both group of class (slow learners and bright students).**

Supervision by Principal/Vice Principal/HM: -

Principal KV GC CRPF agartala is performing following supervisory roles:-

Curriculum Oversight: Ensuring that the curriculum meets educational standards and is effectively implemented.

Staff Management: Overseeing the recruitment, hiring, and evaluation of teachers and staff members.

Student Discipline: Dealing with serious disciplinary issues and maintaining a safe school environment.

Parent and Community Engagement: Building relationships with parents and the local community.

Budget Management: Managing the school's budget and resources.
Long-term Planning: Developing and implementing the school's long-term goals and vision.

Program for high and low achievers: -

REMEDIAL STEPS FOR WEAK STUDENTS: -

1. Availability of course material will be ensured.
2. Revision of easier, scoring and important topics will be done so that they can achieve minimum learning outcome.
3. Format of marks distributed will be explained once again to the students.
4. Special class assignments will be given to the students.
5. Students will be motivated and positive atmosphere will be created in the class.
6. Ensured daily attendance in the class.

7. Students will be given study time table based on their needs.
8. Regular motivation will be provided to the child to do better.
9. Answer analysis and familiarize the students how to eradicate the errors.
10. We will provide Study material which includes sample papers for easy learning.
11. Focus on practicing previous year questions and written practice.
12. Conduction of small test at the end of class and on spot evaluation and discussion of answers.
13. Remedial classes for slow learners during the availability as per the time table and during winter break.

STEPS TO GET THE BEST RESULT FOR THE MERITORIOUS STUDENTS

1. Proper topic wise analysis of Pre-Board Examination to find out areas where student losing marks.
