4	Any other project undertaken by the vidyalaya	As part of its commitment to environmental consciousness and value-based education, the Vidyalaya has launched the “Green Steps” initiative – an integrated project aimed at fostering eco-awareness and responsibility among students through meaningful, hands-on activities. Students actively participate in the creation and maintenance of a compost pit, a kitchen garden, a butterfly garden, and the planting of saplings across the campus. These eco-friendly practices not only encourage sustainable living but also instill respect for nature, self-reliance, and teamwork. By engaging with the environment directly, children develop an understanding of natural cycles, biodiversity, and the		

		impact of human actions, becoming ambassadors of change for a greener tomorrow.
