MR. OM PRAKASH

The mind is not a vessel to be filled but a fire to be kindled. I appreciate the staff and students of all faculties who use various modes of expansion to present their ideas. As long as our ideas are expressed and thoughts kindled, we can be sure of learning as everything begins with an idea.

Just as our mother earth gives us more and more, Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one's school career. It is indeed a lifelong process. The school is oriented to the total formation of a child and to adaptations of various methods suiting the dynamics of changing world in order to achieve common goals and objectives. It is further characterized by sharing vision, responsibility and above all love and faith in goal in order to achieve it.

Even as we impart education to match the advancement in technology and globalization, we march our children ahead with ethos of moral values and principles. We endeavor constantly to instill these qualities in our children. We pride ourselves to help them grow and develop into sensitive and responsible citizens of the future.

FROM SENIORMOST PRT DESK

**SENIORMOST

MRS. JAYA MALIK

I extend my heartiest wishes on the publication of the school E-newsletter. our Kendriya Vidyalaya provides an amalgam of scholastic and co-scholastic activities for the students. This news letter is a show case of multifarious activities, outstanding performance and achievement of Children of primary section.

It is a platform for the tiny tots to Express their feelings and to show their talents. My message is to "Be discipline, have confidence and work hard, success will automatically comes in your way". Thank you for entrusting us with your child's education. I look forward to a productive and fulfilling year ahead.

I am thankful to all the team members, our mentor and guide honourable principal Shri OM Prakash ji for guiding us positively with his full support.

❖ MS. YOGITA GAUR

I would like to extend my heartfelt gratitude to our honourable principal Shri OM Prakash sir, for giving me this opportunity to show the multidimensional view of our primary activities through this newsletter and being support system all through out.

This newsletter puts forwards the various talents of little scientists of our school and the appreciable efforts our primary staff puts in to provide them those stages .

I will also thank my Seniormost PRT Mrs.Jaya Malik Parasher who regularly guided me to showcase these activities in presentable manner.

Wishing you all a happy year ahead.
