सन्देश

It is with immense pleasure that I pen this message for the Vidyalaya's annual magazine, UDAAN.

Throughout history, the virtues of discipline, perseverance, and resilience have set the extraordinary apart from the ordinary. As students, it is crucial that we nurture these qualities to stay ahead in a rapidly evolving world. Preparation for the future involves more than just academic success; it demands active participation in co-curricular activities and maintaining a balanced approach to personal development. At the heart of this growth is a strong value system, as life without values is like a body without a soul.

As Chairman of the Vidyalaya Management Committee, I am committed to staying abreast of the Vidyalaya's progress, closely observing its activities and accomplishments. I am proud of the remarkable achievements of the Vidyalaya in both the AISSE and AISSCE examinations. My heartfelt congratulations go out to the principal, faculty, and students. I am confident that you will continue to pursue excellence in all your endeavours.

My sincere commendations to the team at PM Shri Kendriya Vidyalaya Tezu and to the students for delivering yet another engaging and insightful edition of UDAAN.

With Best Wishes,

SHASHVAT SAURABH I.A.S.

Deputy Commissioner, Lohit

It fills me with immense joy and pride that PM SHRI KENDRIYA VIDYALAYA TEZU is publishing its annual magazine, 'Udaan' 2023-24.

After the introduction of the PM SHRI scheme, the KV has developed in leaps and bounds making PM SHRI KV Tezu an exemplary school for the implementation of NEP 2020. The students, teachers and all stakeholders are benefitted immensely.

A school magazine showcases student creativity, achievements and events, fostering community pride. It also develops writing skills, encourages teamwork, and highlights academic, cultural, and extracurricular activities.

I would like to extend my heartiest congratulations to the Principal and the editorial team for successfully compiling and producing this comprehensive edition.

I sincerely hope the institute continues to aim higher and work harder to achieve greater success, further enhancing the prestige of this esteemed institution.

Finally, I commend each and every student and staff who have contributed in making this effort a success!

With Best Wishes

Ms. N. G. Sarjubala Devi

It is a matter of great honour to write this message for the annual Vidyalaya magazine 'Udaan' of PM SHRI Kendriya Vidyalaya TEZU. My heart swells with immense joy as I witness the strides being made at PM SHRI Kendriya Vidyalaya TEZU. The true aim of education is not confined to delivering academic knowledge alone, but also to instil humanistic values such as wisdom, empathy, bravery, humility, integrity, and dependability in students. The Vidyalaya magazine serves as a reflection of its activities and the creative expressions of its students. It provides abundant opportunities for young writers to share their words, thoughts, and concerns with fellow young citizens. I sincerely hope that the student body will fully take advantage of this platform by contributing to the magazine, and that readers will gain knowledge and inspiration from the insightful articles. I extend my heartfelt congratulations to the Principal and the entire editorial team for their remarkable efforts in bringing out the Vidyalaya magazine. Your dedication and hard work have provided a wonderful platform for students to showcase their creativity and talents. May this edition of 'Udaan' continue to inspire, engage, and reflect the vibrant spirit of PM SHRI Kendriya Vidyalaya TEZU. Wishing you all continued success in future endeavours!

प्राचार्य की कलम से

Dear All,

As we reflect on our past experiences, I am filled with pride and gratitude for the incredible achievements and milestones reached by PM SHRI Kendriya Vidyalaya Tezu. Our students have excelled academically, creatively, and in various extracurricular activities, showcasing their talents and dedication.

I would like to express my appreciation to our teachers for their tireless efforts in providing a nurturing and inclusive environment that fosters growth and development in our students. Your hard work and commitment have not gone unnoticed.

To our students, I encourage you not only to continue exploring your passions, embracing challenges, and striving for excellence but also to cultivate compassion and develop a deep emotional connection with your classmates. Inculcating values and a sense of belongingness to our Vidyalaya, our society, and our country is crucial. Let these values guide you as you navigate your journey. Always adopt a positive outlook towards life and extend kindness and understanding to those around you.

As we look forward to new challenges, I wish you all the best. Let us continue to work together, support one another, and celebrate our successes.

What I always believe:

“Start where you are, with what you have, and that will always lead you into something greater.”

With warm regards,

Om Prakash

कक्षा 12वीं का सफर

देखते ही देखते यार, वो बारहवीं कक्षा भी खत्म हो गई।
और इसके साथ खत्म हो गए, स्कूल लाइफ भी।।
जो चीज कल तक आफत लगती थी, अब राहत लग गई थी।
स्कूल लाइफ खत्म होता-होता, सबके आंखों में आंसू लेकर आ गया।।
साथ हमारी कक्षा ग्यारहवीं की, नई दोस्त के सफर खत्म हो गया।
और वह एक साल का सफर हमारे, दिल में बस गए।।
देखते ही देखते हम कक्षा 12वीं में आ गए, वह खिलखिलाती जिंदगी।
सहपाठियों के साथ लड़ाई, बोर्ड के एग्जाम वाली पढ़ाई।।
हर चीज हम, बहुत मिस करने वाले हैं।
क्योंकि स्कूल लाइफ वाले लम्हे हैं, अब दोबारा नहीं आने वाले हैं।।
याद आएंगे ये, 12 साल का सफर। जो ऐसा लगता है कुछ ही दिन,
में खत्म हो जाऊंगा।। वह कक्षा ग्यारहवीं की वह नया अध्यापक,
जो कक्षा बारहवीं तक हमारे। सफर में भरपूर साथ चले,
उनकी आंखें भी भर आईं। वह अध्यापक जी सबसे ज्यादा डांटे थे,
अब बेहद याद आएंगे। वह बोरिंग से पीरियड्स याद आएंगे,
जिनमें नींद आया करती थी। हम मिस करने वाले हैं,
हर उस लम्हे को, स्कूल में जो बीता।।
गुड बाय 12th क्लास, अब सफर भी खत्म हो गया।।

पढ़ना है जी पढ़ना है

पढ़ना है जी पढ़ना है, हमको ऊपर चढ़ना है।
थोड़े दिन की बात और है, जमकर खूब पढ़ेंगे
हम।।
इम्तिहान में ताल ठोककर, कुशती खूब लड़ेंगे
हम।
पास इम्तिहान करना है, पढ़ना है जी पढ़ना है।।
फिर गर्मी की छुट्टी होगी, होंगे मौज मजे के
दिन।
पिकचर होगी, पिकनिक होंगे, होंगे तब मस्ती
के दिन।
मेहनत से क्या डरना है, पढ़ना है जी पढ़ना है।
पापा - मम्मी से लेने हैं, फिर तो हमको खूब
इनाम।
मेहनत करने वालों की तो, सदा मदद करते
भगवान।
जीवन पथ पर बढ़ता है, पढ़ना है जी पढ़ना
है।।

मेरा भारत देश महान

- ❖ जिसकी सुहानी सुबह है होती,
होती सुनहरी शाम है ।
वीर बहादुर जन्म में जिसमें,
मेरा भारत महान है ॥
- ❖ भारत की माटी के पुतले,
लोहे के माने जाते हैं ।
गांधी, नेहरू, सुभाष, तिलक,
इस नाम से जाने जाते हैं ॥
- ❖ मेरे देश की माटी ऐसी,
जहाँ जन्म लेते हैं भगवान ।
मेरा भारत देश महान,
मेरा भारत देश महान ॥
- ❖ सोने के है दिन यहाँ,
चाँदी की है रातें ।
नदियों में बहती अमृत की
धार,
यहाँ है सुंदर घाट महान ॥
- ❖ फिर से बने सोने की चिड़िया,
हम सबका है ये अरमान ।
मेरा भारत देश महान,
मेरा भारत देश महान ॥

ये के.वि.संगठन तेजू के बच्चे क्यों है ये इतने अच्छे।

पढ़ाते-पढ़ाते माथे पर थोड़ा सा पसीना देखते हैं,
अपनी पानी की बोतल को मेरे आगे कर देते हैं।
पैर छूने के लिए दौड़ लगाते हैं,
एक कागज मांगो तो दस बच्चे देने को तैयार हो जाते हैं।
कोई भी काम दे दो, पूर्ण करके दम लेते हैं,
आगे पीछे घूम कर ये,शरारती शोर भी खूब मचाते हैं।।
एक बार डांट दो,कक्षा में सन्नाटा ला देते हैं।
मासूम से बच्चे दिल भी जीत जाते हैं।।
मन में कोई छल, कपट, द्वेष नहीं है।
लगता है इन्हीं के पास जागीर है।।
डांट भी तो दो दिल से ना लगाते हैं।
थोड़ा सा पुचकारों तो खूब ये शर्माते हैं।।
हैं दिल को सुकून जो ये दिन दिखाया।
खुश किस्मत हूं मैं जो इनका शिक्षक बनाया।।

निर्वाचन की हुई घोषणा , सुंदरवन में जब से।
हैं आतुर राजा बनने को वन के प्राणी तब से।
बढ़ चढ़ कर सब अपने -अपने वादे हैं बतलाते।
सभी स्वयम् को जन के सच्चे सेवक ही दिखलाते।
बड़े -बड़े वादे कर- कर के, भालू डींगे मारे।
कहता अच्छे दिन चाहो तो, आओ साथ हमारे।
चूहा भी अपने मित्रों संग, जन दरबार लगाता।
हर घर में बिजली लाने का, वह उपाय बतलाता।
शिक्षा की उन्नति का मुद्दा, लेकर आया हाथी।
बोला मित्रों समझो मुझको, अपना सच्चा साथी।
गधे मियां ने वन पशुओं से, निज विचार बतलाया।
बोला पिछड़ों के हितार्थ ही, मैं चुनाव में आया।
जंगल में विकास का वादा, शेर महोदय लाये।
बिजली, पानी और सुरक्षा, का महत्व बतलाए।
शेर महोदय की बातें ही, जनता के मन भायीं।
सबने देकर वोट तभी तो, उनको जीत दिलायीं।

संस्कृत भाषा मेरा गौरव

संस्कृत भाषा विश्व की सभी भाषाओं में प्राचीन सबसे अच्छी एवं साहित्य से संयुक्त भाषा है। संस्कृत भाषा इतनी परिशुद्ध है कि इसमें व्याकरण से संबंधित कोई भी कमी नहीं होती है। इसलिए संस्कृत भाषा को बताना या लिखना आसान होता है। प्राचीन समय में यह भाषा सबसे साधारण भाषा थी एवं सभी लोग इसी भाषा का प्रयोग करते थे। मैं भी संस्कृत भाषा का प्रयोग करती हूँ एवं संस्कृत भाषा में शिक्षा भी ग्रहण करती हूँ। संस्कृत भाषा में विश्व के साहित्य के सभी प्राचीन ग्रंथ जिसे हम चार वेदों के नाम से जानते हैं, वह सभी संस्कृत भाषा में लिखे गये हैं। भास-कालिदास-अश्वघोष-भवभूति आदि, यह जितने भी महाकवि हैं, उनके लिखे गए जितने भी नाटक या रचनाएं हैं वह सभी संस्कृत भाषा में हैं। जितनी भी भाषाएं हैं वे सभी संस्कृत भाषा से प्रेरित हुई हैं। मैं आज संस्कृत भाषा में पढ़-लिख रही हूँ जो मेरे लिए गौरव की बात है क्योंकि मैं अपने पूर्वजों की भाषा की परंपरा एवं संस्कृति को बनाए रख रही हूँ। मैं चाहूंगी कि आने वाली पीढ़ी भी इस परम्परा एवं संस्कृति को बनाये रखे, और संस्कृत भाषा में पढ़े लिखे।

My Growth in her

My growth in her, in the cradle of her arms,
I found my first embrace, a gentle touch, a whisper,
In that sacred space, her heartbeat a rhythm,
a lullaby so sweet.
In her loving gaze, our bond takes flight,
In the dance of our days, in teenage's fleeting grace,
Her embrace is a sanctuary in life's rapid pace.
Through trials and triumphs, she is my guiding light,
In her love's embrace, my world shines bright.
Though time may pass and years may fly,
No words can truly capture the depth of our bond,
A connection eternal, with roots strong and profound.
So, here's to you, my dearest mother, my best friend,
In your love, I find my strength, my solace, my delight.

My love for Nature

I love the sound of birds at dawn, The puppies' cries as they are born.

I cherish the smell of blooming flowers And honey from the bees' sweet showers.

I delight in the wind's gentle play, As it rustles through the trees each day.

The bright blue sky on a sunny day, And even the shades of grey when it rains softly.

I savor the ocean's salty scent, The waves that kiss the sandy bent.

I admire the seashells, their touch so fine, And the way they look when they're in my hands entwined.

When the sun has set and the moon's in sight, I love the crickets and creatures of the night.

So as I lay me down to sleep, I thank the Lord for all I keep—

For nature's gifts, both great and small, And for all the things I love most of all.

Nature is always full of joy.

Never think that it is a toy.

Don't ever play with it. Save it.

Birds fly in the blue sky.

Mountains stand very high.

Nature gives us food.

Nature gives us shade.

But why can't we give it space?

Nature always shows us the right path.

Please, live it as it is.

Don't ever play with it.

Our Soldiers

They give voice to the voiceless,

They are light when darkness falls.

When death comes knocking,

It is they, the nameless soldiers, who answer the call.

Freedom sings, but truth lies dead,

Freedom shines, brightly gleaming.

Freedom stings and bleeds deep red,

For in the end, all heroes fall.

My Visit to Bhubaneswar

A few months ago, I had the privilege of participating in the Rajyastariya Bal Vagyanic Pradarshini at Kendriya Vidyalaya No. 1, Itanagar. By God's grace, I secured 2nd position in the agriculture sub-theme, which allowed me to represent my school, PM Shri Kendriya Vidyalaya Teju, and the Tinsukia region at the Kendriya Vidyalaya Sangathan National event held at the KIIT campus in Bhubaneswar, Odisha. This event, organized by the Bhubaneswar region, saw participation from KVS regions across the country.

Walking through the exhibition hall, I was amazed by the diversity of projects and exhibits, ranging from Artificial Intelligence to Renewable Energy, Robotics, and Biotechnology. The passion and enthusiasm of the students presenting their work were truly inspiring and motivated me to delve deeper into my own interests in science and technology. Although I did not secure a position at the Nationals, I gained a wealth of scientific ideas and knowledge.

The trip to Bhubaneswar was incredible. I learned a few sentences in the Odia language from an aunt named Sakunti, who worked at the Dutichand Athletic Stadium, KIIT University. The food provided was delicious, and we were accommodated in air-conditioned rooms. Meeting my English teacher, Samiran Sir's Jr., in the auditorium was motivating, and I had the chance to interact with many students from different Kendriya Vidyalayas across India, sharing cultural experiences and forming new friendships.

One friend who particularly astonished me was Mohammad Rehan Akram from the Delhi region. Despite being physically challenged, his positive attitude and determination to make his parents proud were truly eye-opening and brought me to tears. His dedication and broad thinking inspired me to stay positive, work hard, and remain confident.

Teachers from Bhubaneswar and officials of KIIT University took us on exposure visits to various departments, such as the Biotechnology Lab and Central Library, and shared stories about the tribal populations of Odisha. This journey made me realize how fortunate I am to be part of Kendriya Vidyalaya Sangathan, which organizes such events to nurture students' talents and provide them with invaluable knowledge and experiences.

I am deeply grateful for the opportunity to witness the beauty of Odisha, admire the wall paintings, and meet my supportive friends and escort teachers from Kendriya Vidyalaya No. 1, Itanagar. This experience allowed me to make friends from all over India, creating unforgettable memories. Special thanks to our Principal, Om Prakash Sir, Seema Ma'am, and Samiran Sir for their guidance and support throughout this journey. I truly feel fortunate to be a student of Kendriya Vidyalaya, which has provided me with such wonderful opportunities and memories.

Technology and Gadgets

Technology and gadgets have become pivotal in our daily lives, significantly impacting our social interactions, communication, and various activities. They provide learners with an immersive learning experience, offering access to numerous resources. Improved means of transport and fast, easy global communication are other notable benefits. Gadgets automate tasks, saving time and effort. They aid students academically by providing information on various topics, but excessive use can lead to negative effects such as physical and mental health problems. Prolonged screen time can cause eye strain, headaches, neck and back pain, among other issues. Technology addiction can decrease attention span, memory power, and academic skills. Misuse of technology, including cyberbullying and cybercrime, is a growing concern.

To address these problems, it is essential to limit gadget usage, engage in outdoor activities, and spend time with family and friends. Responsible technology use is crucial, and the government should enforce cyber policies to combat cyber-related crimes. In conclusion, technology and gadgets have both positive and negative effects on our lives. While they provide easy access to resources, enhance communication, and improve education and medical care, they can also lead to job loss, cyberbullying, and technology addiction.

Once a flower named Mellow was there,
among all it was beautiful the most,
and the most attractive in my eyes,
which lies before my eyes.

In my mind I say, what an artist God is,
to make such a being that is.

When darkness fills my heart,
I sit beside the flower on the earth,
makes my heart full of ease,
like the old days when my mother kissed.

Oh, I always knew what is a beautiful
view that is.

Every evening, I step outside,
Donning all that I need,
To chase away the insecurity,
Of why I'm not where I want to be.

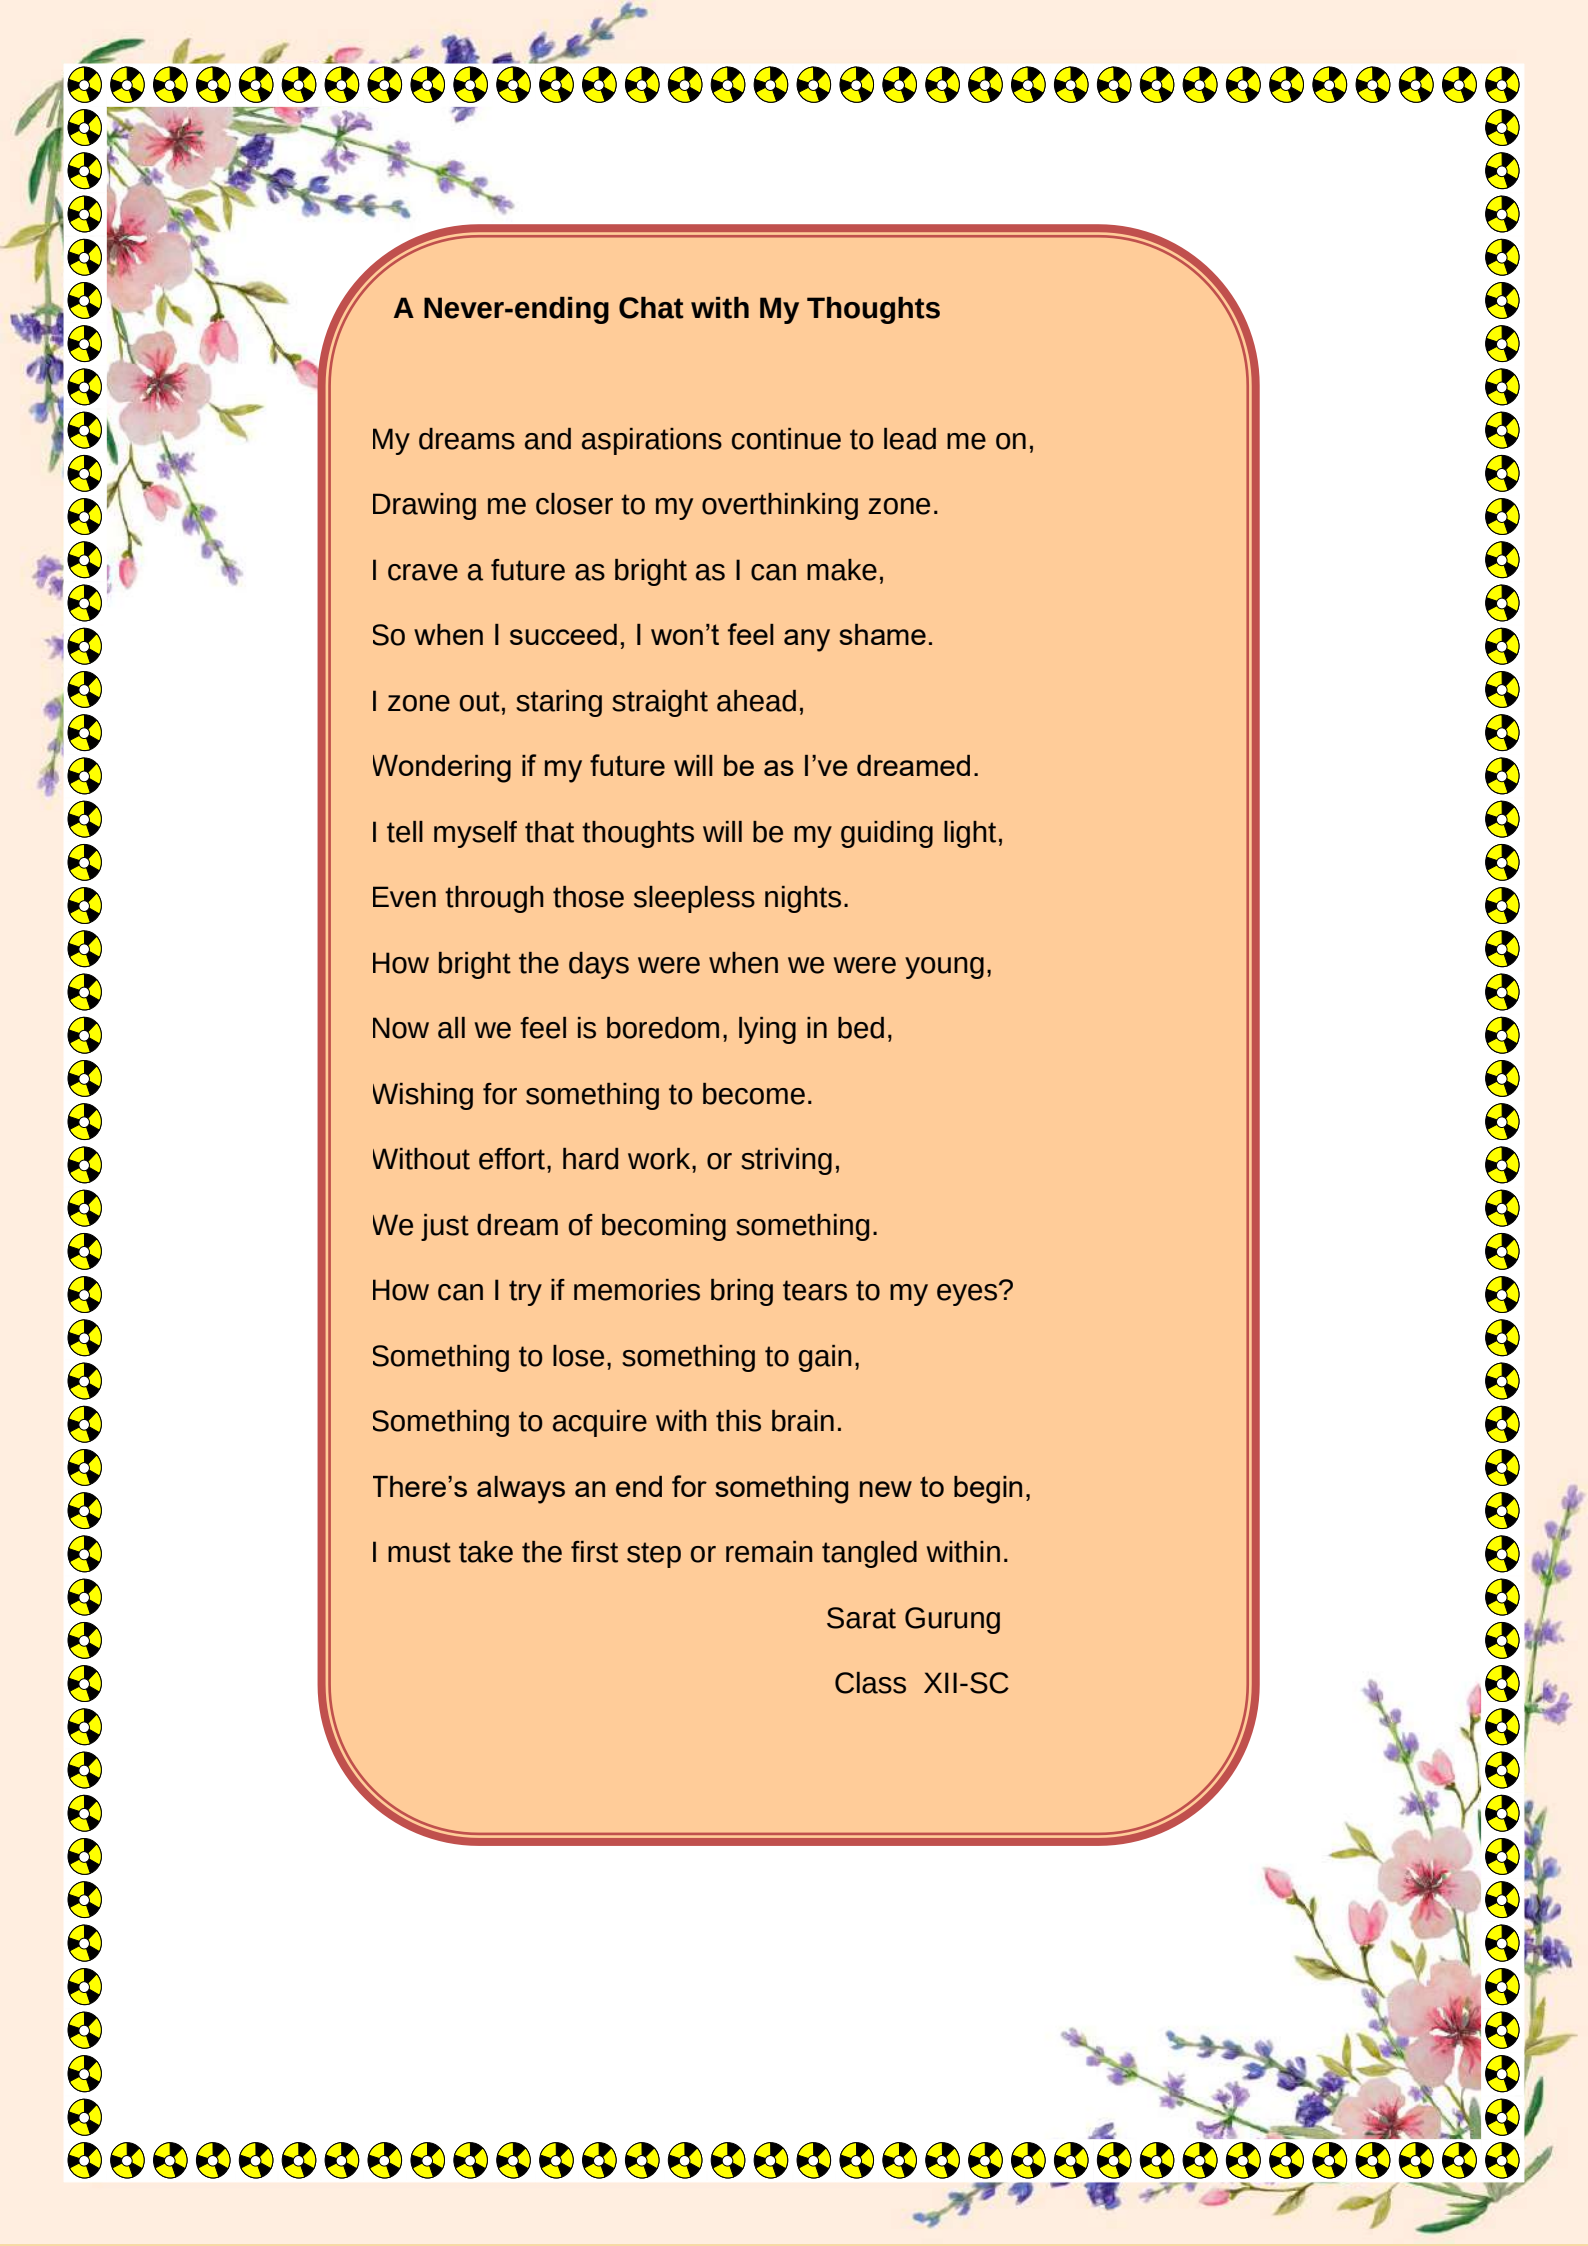

Questions swirl in my mind,
What to ask, what to seek?
But the only answer I find,
Is in the rhythm of volleyball's beat.

I can't stand a day without it,
This sport that brings me joy,
In its embrace, I find solace,
Forget the troubles that annoy.

Thank you, volleyball, my friend,
For being there when I was down,
Your presence, a comfort, a mend,
In you, my strength I've found.

I'll never forget your role,
In lifting my spirit high,
You've etched yourself in my soul,
As the days and years go by.

A Never-ending Chat with My Thoughts

My dreams and aspirations continue to lead me on,
Drawing me closer to my overthinking zone.

I crave a future as bright as I can make,
So when I succeed, I won't feel any shame.

I zone out, staring straight ahead,
Wondering if my future will be as I've dreamed.

I tell myself that thoughts will be my guiding light,
Even through those sleepless nights.

How bright the days were when we were young,
Now all we feel is boredom, lying in bed,
Wishing for something to become.

Without effort, hard work, or striving,
We just dream of becoming something.

How can I try if memories bring tears to my eyes?
Something to lose, something to gain,
Something to acquire with this brain.

There's always an end for something new to begin,
I must take the first step or remain tangled within.

Yesterday was a day,
Tomorrow will be one too,
But today is the day,
To reflect on what you do.
Look at past results,
Work hard, fight for tomorrow,
For Gandhiji once said,
"The future's what we borrow."
Who is he, this man so wise?
In 1869, he first saw the skies,
Mohandas Karamchand was his name,
A beacon in our freedom's flame.
Karamchand Gandhi, his father dear,
And Putlibai, his mother near,
Who is he, this soul so brave?
Who gave our nation life to save?
He believed in man and God above,
And spoke of patience, peace, and love,
"To lose patience is to lose the fight,"
His words guide us toward the light.
Who is he, this guiding star?
He changed my life, he can change yours far,
If only you let him show the way,
He'll bring hope to every day.

Teenage

This age of rage consumed me whole,
With all its fierce, unyielding toll.
Feelings so strong had me go astray,
Making mistakes in every way.

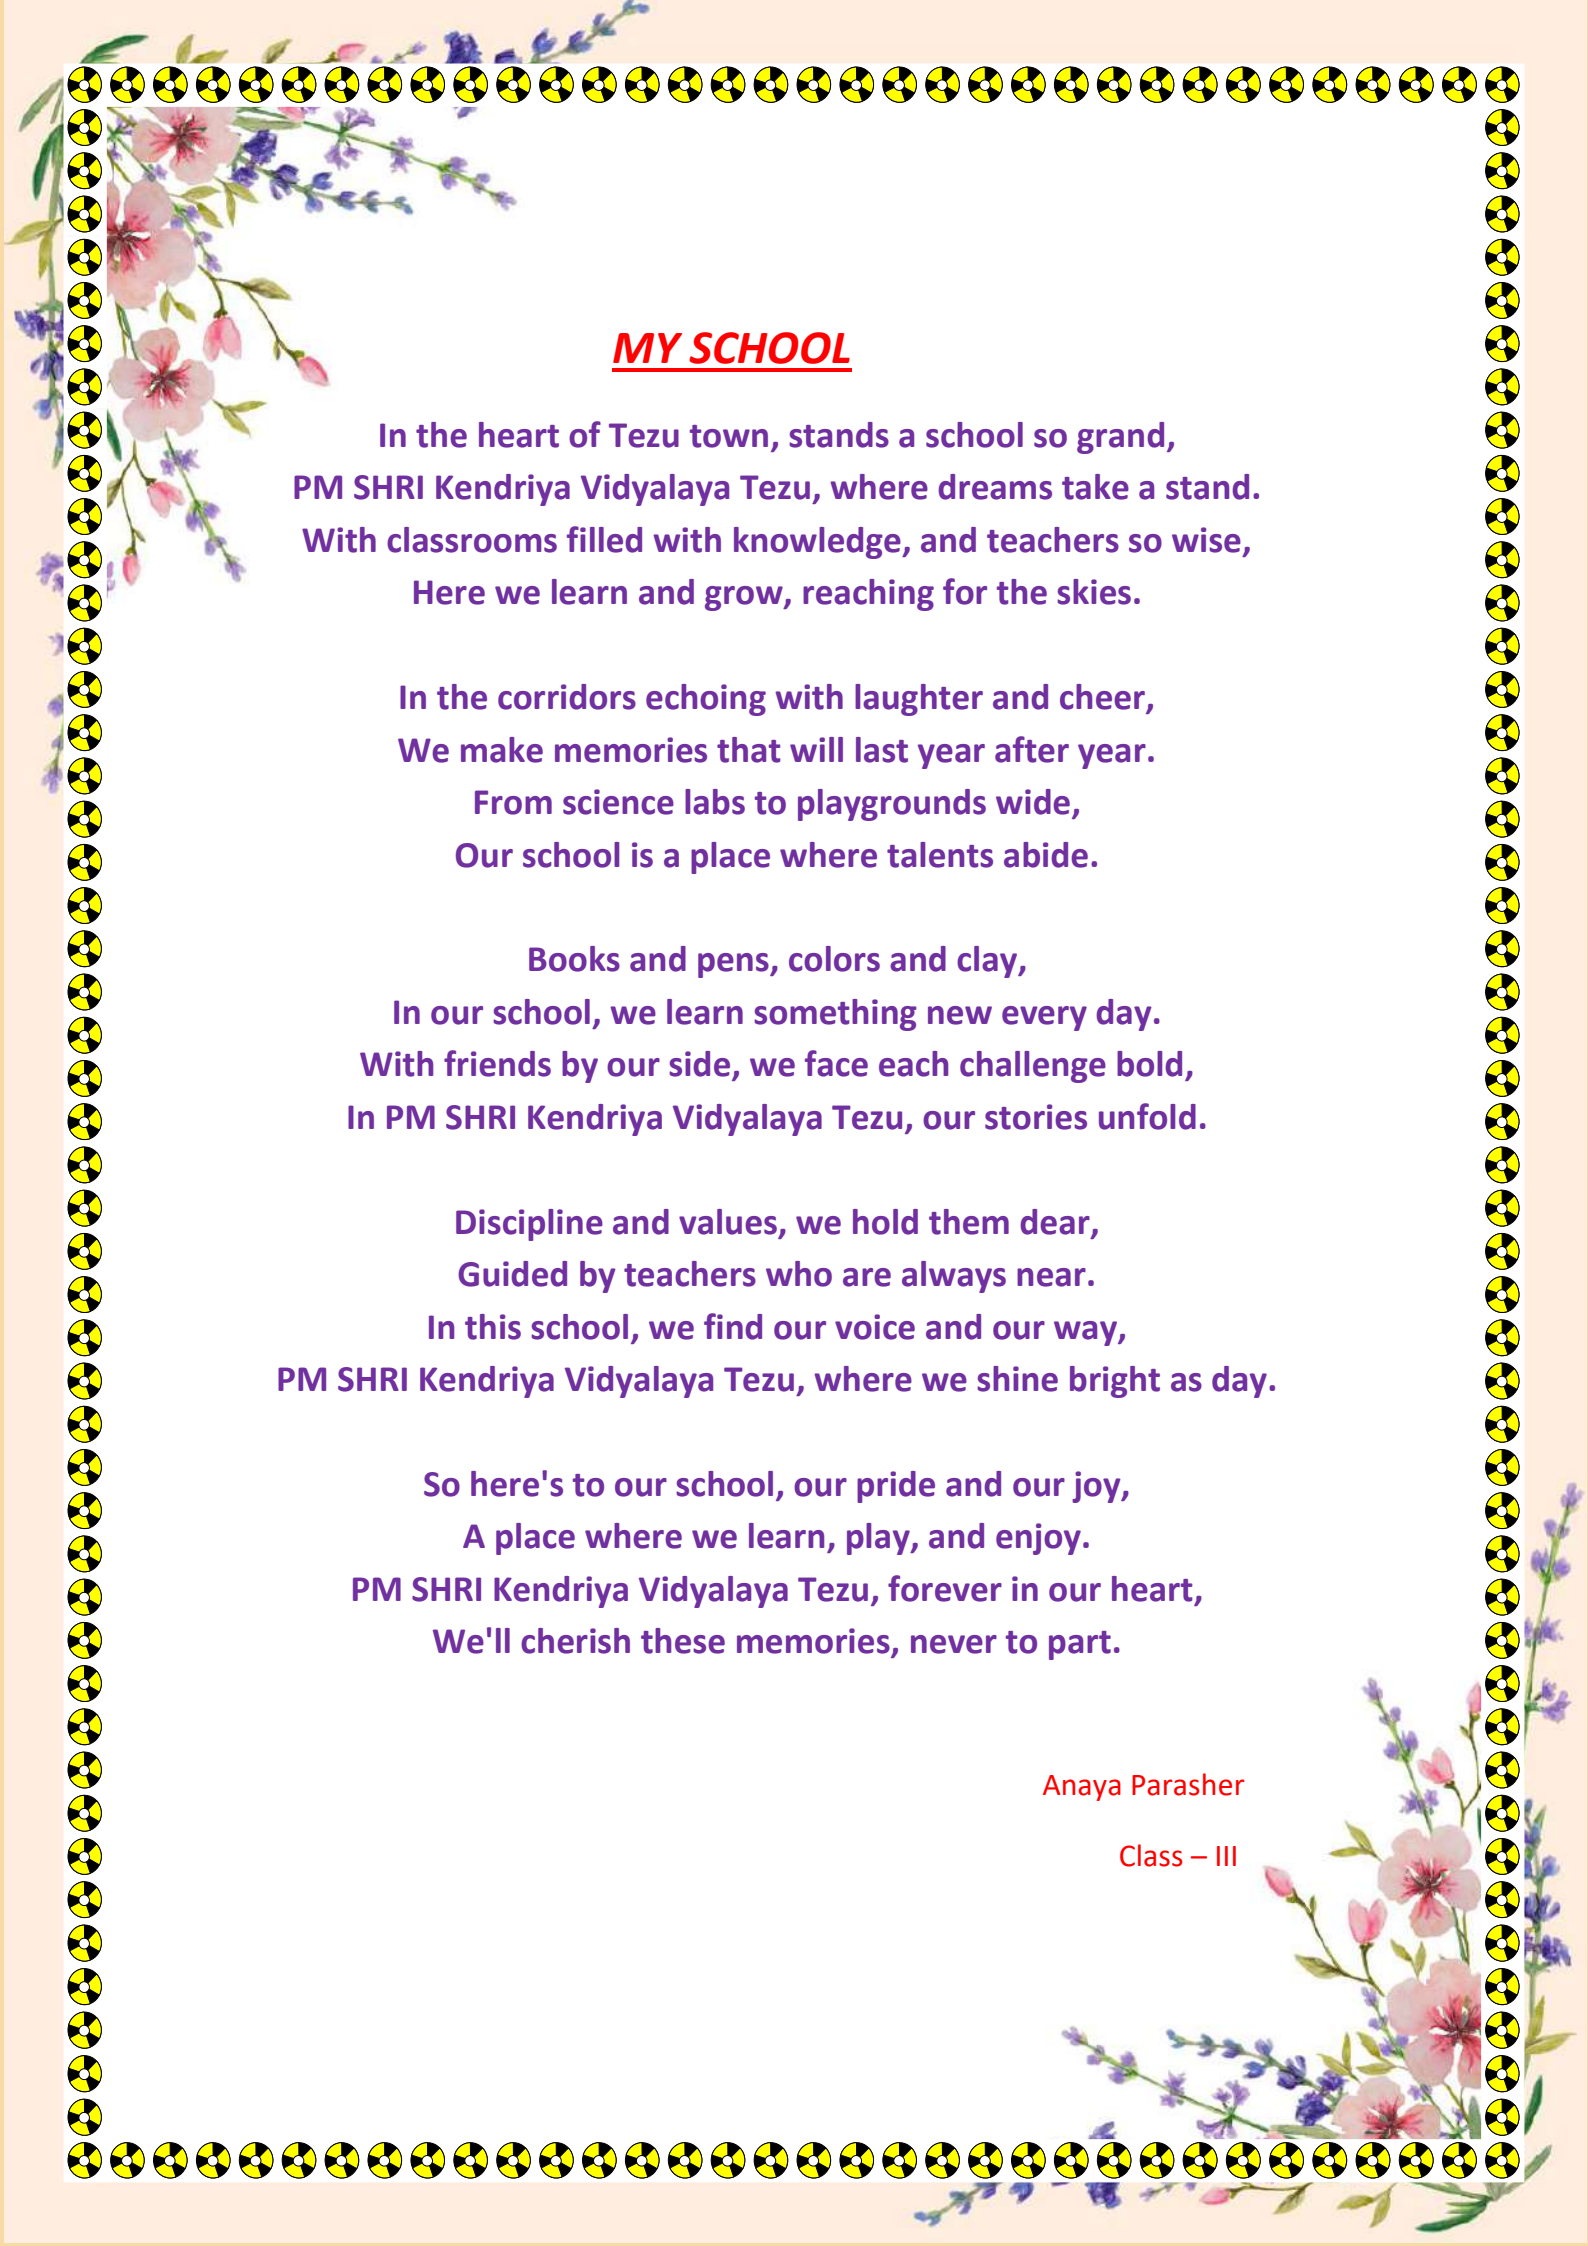

Everyone and everything felt so real,
As if blindfolded, yet the world was clear.
Tried to rise from this emotional dream,
But couldn't wake from the shimmering gleam.

Sought some support, a hand to grasp,
But found it was just a fleeting clasp.
All of this made me ponder and think,
That every light could fade in a blink.

They say the truth will find its way,
I say, all I see is me at the end of the day.
Then I heard an old phrase, somewhat sage—

"Silly, it's just your teenage rage."

MY SCHOOL

In the heart of Tezu town, stands a school so grand,
PM SHRI Kendriya Vidyalaya Tezu, where dreams take a stand.
With classrooms filled with knowledge, and teachers so wise,
Here we learn and grow, reaching for the skies.

In the corridors echoing with laughter and cheer,
We make memories that will last year after year.
From science labs to playgrounds wide,
Our school is a place where talents abide.

Books and pens, colors and clay,
In our school, we learn something new every day.
With friends by our side, we face each challenge bold,
In PM SHRI Kendriya Vidyalaya Tezu, our stories unfold.

Discipline and values, we hold them dear,
Guided by teachers who are always near.
In this school, we find our voice and our way,
PM SHRI Kendriya Vidyalaya Tezu, where we shine bright as day.

So here's to our school, our pride and our joy,
A place where we learn, play, and enjoy.
PM SHRI Kendriya Vidyalaya Tezu, forever in our heart,
We'll cherish these memories, never to part.

Journey of Change

Happy to embark on a new journey,
Excited for adventures, hearts
unwavering.
But COVID's shadow dimmed the light,
One friend gone, alone in the fight.
Loneliness crept in, an unwelcome
guest,
Yearning to flee and find some rest.
Yet nature's beauty whispered hope,
We learned to cope and find our scope.
Months passed, a friendship was found,
But strained by doubts, we felt
unbound.
Another move, a fresh start anew,
Full of fears, yet dreams renewed.
The new place, not as dear as before,
But two friends found, hearts to adore.
Yet academics faltered, stress took
hold,
Struggling to rise, our story unfolds.
Through trials and change, we find our
way,
Resilient hearts, come what may.
A journey of change with twists and
bends,
In the end, we rise, our strength
amends.

School Memories

In halls where echoes fade to whispers low,
We roamed with young minds ablaze, a fervent glow.
Through corridors where laughter danced in flight,
And friendship bloomed beneath the sun's warm light.
In classrooms where the chalk dust kissed the air,
We learned life's lessons, both joy and despair.
From teachers' wisdom, patient and sincere,
We found the path to dreams both far and near.
On playgrounds where our youthful spirits soared,
We chased our dreams, our imaginations roared.
With every game, a lesson to be found,
In victory and loss, our hearts were bound.
In libraries where silence softly reigned,
We lost ourselves in stories unchained.
In pages turned, we journeyed far and wide,
In worlds of wonder where our dreams could glide.
And now as time has spun its endless thread,
These school memories linger, never dead.
For in each lesson learned and friendship made,
We find the echoes of the paths we've laid.
Through thick and thin, friends stood close and dear,
In laughter's embrace, joy was sincere.
As days fade into twilight's gentle hue,
Farewell's melody, bittersweet and true.
Echoes of school days, memories sweet,
In our hearts, they'll forever beat.
