NCSC / Science Exhibition

National Children's Science Congress (NCSC)

National Children's Science Congress (NCSC) is a nationwide Science Communication programme started in the year 1993. It is a forum for children of the age-group of 10-17 years, to exhibit their creativity and innovativeness and more particularly their ability to solve a societal problem experienced locally using the method of science. Children from our vidyalaya participated under different sub-themes at Regional level NCSC.

Science Exhibition

With a view to encourage, popularize and inculcate scientific temper among the children of the country, NCERT organizes national level science exhibition every year where children showcase their talents in science and mathematics and their applications in different areas related with our everyday life. Children from our vidyalaya participated in Cluster level and Regional level science exhibition and got exposure to learn and grasp new ideas
