ACTION PLAN FOR BETTER RESULT IN THE SESSION 2024-25

1. Common mistakes of students are to be informed to them. Error analysis individually is to be done and they must be told how to write answer in an effective manner so that they will not commit the same mistakes next time.
2. After the completion of every chapter, CBSE questions of that particular chapter for last 5 years have to be discussed in the class.
3. Zero period during morning assembly is arranged well before from the month of Aug. 2024. Provision of HOTS and inter-disciplinary questions for practice during and after teaching every chapter.
5. Counselling children to utilize the reading time and the three hours for writing the paper judiciously and sparing some time for revision and editing. Remedial classes are conducted in assembly period and winter break.
6. Providing tips for attempting the question paper effectively are to be given to the students.
7. Identification of weak areas of each student and follow up of required assistance. Conducting slip test after the completion of every topic.
