MY BOOK, MY CHOICE

READ • CHOOSE • ENJOY • SHARE

My Book, My Choice is a joyful reading initiative that encourages students to choose books and magazines according to their own interests. In the school library, students explored a variety of age-appropriate reading materials—from children's magazines and comics to informative and knowledge-based publications. The activity gave learners the freedom to make their own reading choices, discover new topics, and develop the habit of reading for pleasure. It also created an opportunity for students to talk about their favourite books and share the joy of reading with friends.
