

Plan of Activities in Language Lab

A. Listening Activities

1. Audio Story Listening (Chapter-based) – Recorded chapters/poems are played; students listen and answer comprehension questions.
2. Dictation with PPT Support – Key words or phrases are displayed on PPT to guide students while they take dictation.
3. News Audio with PPT Summaries – News clips are played and main points are shown on PPT; students verify their understanding.

B. Speaking Activities

4. Picture Description with PPT Slides – Thematic images (e.g., forest for The Laburnum Top) are shown; students describe them in sentences.
5. Role Play with PPT Prompts – Scenario-based prompts from prose chapters (e.g., The Rattrap, The Tiger King) are presented; students enact roles.
6. Extempore Speaking with Visual Cues – Random words or topics are displayed on PPT; students speak on them for 1–2 minutes.
7. Poem Recitation with PPT Backgrounds – Key lines or themes of poems (e.g., A Thing of Beauty) are displayed; students recite with correct intonation.

C. Reading Activities

8. Reading Circle with PPT Highlights – Passages from chapters appear on PPT; students read aloud one by one.
9. Skimming & Scanning with PPT Questions – Comprehension questions are displayed; students skim the text to find answers.
10. Choral Reading with PPT Texts – Poems or dialogues (e.g., Keeping Quiet, The Voice of the Rain) are read together with text on PPT.

D. Writing Activities

11. Guided Writing with PPT Keywords – Keywords or themes from a chapter (e.g., Deep Water) are displayed on PPT; students write a paragraph.
12. Listening-to-Writing with PPT Visuals – An audio summary is played with supporting images on PPT; students write their own summary.
13. Picture-based Story Writing (Chapter-linked) – A sequence of images (e.g., Journey to the End of the Earth) is shown on PPT; students create a story.

E. Interactive / Fun Activities

14. Word Games on PPT – Spell Bee, Vocabulary Quiz, or Word Chain are conducted using words from chapters.
15. Debate/Group Discussion with PPT Topics – Prompts (e.g., “Science vs. Superstition” for The Tiger King) are displayed on PPT; students debate in groups.
16. Quiz Competition (Chapter-based) – PPT slides are used for MCQs, true/false, and match-the-following questions from prose and poems.
17. Mind Mapping via PPT – The central idea of a chapter (e.g., On the Face of It) is displayed on PPT; students add related points.
18. Character Sketches on PPT – Names/images of characters are displayed; students describe their traits (e.g., Derry, Mr. Lamb, or the peddler in The Rattrap).
19. Theme Exploration through PPT – Thematic slides (e.g., “Loss of Childhood,” “Fear of Water”) are displayed; students elaborate in groups.
20. Project Presentation by Students – Students prepare their own PPTs on assigned chapters/poems and present in the lab.
