

National Initiative for Proficiency in Reading with Understanding and Numeracy

NIPUN (National Initiative for Proficiency in Reading with Understanding and Numeracy), a programme launched by the Ministry of Education aims at consolidating foundational learning in students up to grade 3. KVS has taken effective measures in equipping teachers with necessary teaching learning material, assessment worksheets, etc. to help make learning joyful and all inclusive, thereby strengthening foundational competence amongst children in the age bracket of 3 to 9 years.

As per NEP 2020, “the highest priority of the education system will be to achieve universal foundational literacy and numeracy in primary school by 2025. The rest of this Policy will become relevant for our students only if this most basic learning requirement (i.e., reading, writing, and arithmetic at the foundational level) is first achieved. To this end, a National Mission on Foundational Literacy and Numeracy will be set up by the Ministry of Education on priority. Accordingly, all State/UT governments will immediately prepare an implementation plan for attaining universal foundational literacy and numeracy in all primary schools, identifying stage-wise targets and goals to be achieved by 2025, and closely tracking and monitoring progress of the same”.
