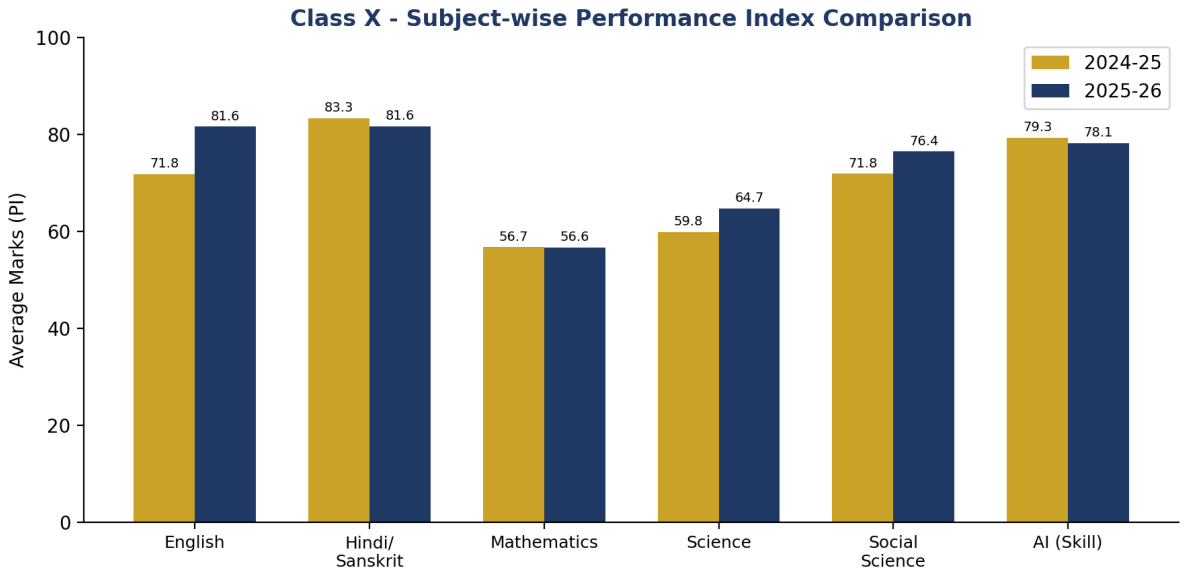
06 Key Highlights & Way Forward

Note on data: class_xii_result_25.pdf was found to contain genuine Class XII 2025 data, and the file uploaded as "class_12_result_26.pdf" was found to actually contain Class X 2026 mark data (its own page header reads "CBSE Class X"), not Class XII. This report therefore compares the two genuine Class X datasets available (Session 2024-25 and Session 2025-26) for PM Shri KV Kurud, using the same comparative-study format as the Mahasamund reference report.

Class X — Subject-wise Performance Index (PI) Comparison



Subject	PI 2024-25	PI 2025-26	Change	Trend

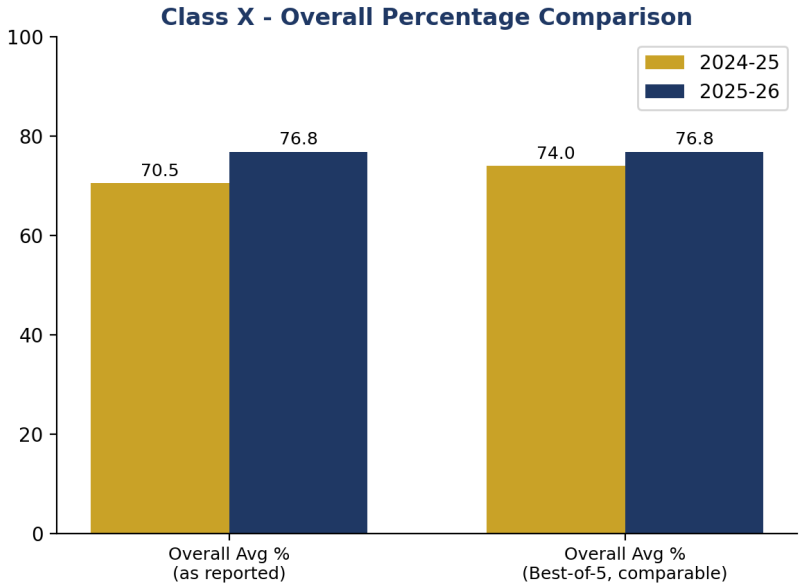
Social Science	71.84	76.44	+4.60	▲ Up
AI (Skill)	79.32	78.14	-1.18	▼ Down

Class X — Overall Percentage Comparison



Methodology note: The 2024-25 marksheet reports percentage on all 6 subjects (out of 600), while the official 2025-26 CBSE sheet uses the standard "Best-of-5" method (English + Language-2 + best 3 of the remaining 4 subjects, out of 500). For a fair comparison, 2024-25 marks were also recomputed on a Best-of-5 basis.

Metric	2024-25	2025-26	Change
Overall Avg % (as reported on sheet)	70.45%	76.79%	+6.33 pp
Overall Avg % (Best-of-5, comparable)	73.95%	76.79%	+2.84 pp
Pass %	100%	100%	—
Total Appeared	37	36	-1
Median %	72.5%	78.2%	+5.7 pp
Highest %	93.0%	97.0%	+4.0 pp
Lowest %	46.8%	55.6%	+8.8 pp

Key Highlights & Way Forward

✔ 100% Pass — Both Sessions

All students passed in both Session 2024-25 (37 appeared) and Session 2025-26 (36 appeared). Consistent pass record maintained.

■ Overall % Improved

Overall average improved from 73.95% to 76.79% (comparable Best-of-5 basis), a gain of +2.84 percentage points.

■ English & Science Lead Gains

English PI rose 71.76 -> 81.58 (+9.82). Science PI rose 59.84 -> 64.69 (+4.85). Social Science PI rose 71.84 -> 76.44 (+4.60).

■ More High Achievers

Students scoring 90%+ rose from 2 to 5. Students below 60% fell sharply from 11 to 3. Median % rose from 72.5% to 78.2%.

■ Areas Needing Attention

Mathematics PI is nearly flat (56.70 -> 56.64) and remains the weakest subject both years. Hindi/Sanskrit PI dipped slightly (83.30 -> 81.61); AI (Skill) PI also dipped marginally (79.32 -> 78.14).

■ Way Forward 2026-27

Prioritise focused remediation and practice in Mathematics. Sustain the strong gains in English and Science. Monitor Hindi/Sanskrit and AI performance to reverse the small dip seen this session.
