

PM SHRI KV KARIMGANJ

CYBER SAFETY & SECURITY

Report Overview

In the digital age, ensuring safety online is as critical as physical safety in the real world. To raise awareness about the importance of digital security and responsible internet usage, PM SHRI KV Karimganj, under the coordination of PGT (CS) Ms. Trisha Mandal, organized a training session as part of the “Safer Internet Day” initiative. The event aimed to encourage creativity and foster a culture of digital responsibility among students.

Objective:

The primary objective of this training was to educate participants about the pros and cons of digital tools, enabling them to identify potential risks and adopt safer practices online. It also aimed to cultivate an understanding of cybersecurity through various creative mediums.

Impact:

The event provided a platform for individuals to showcase their awareness and creativity while promoting a safer and more responsible online environment. It also highlighted the significance of digital safety education, aligning with the goals of the **Stay Safe Online** initiative.

Conclusion:

The program was a resounding success, drawing attention to the critical importance of staying informed and vigilant in the digital landscape. It reinforced the message that awareness is key to staying safe online and encourages active participation in fostering a secure digital future.
