

Guidance and Counselling

Kendriya Vidyalaya Surda offers a comprehensive Guidance and Counselling program to support the holistic development of students. The program provides career guidance, personal counseling, and academic support to help students navigate their educational journey and future aspirations. Professional counselors are available to assist students in coping with academic pressures, emotional challenges, and making informed career choices. Workshops on stress management, time management, and mental well-being are also organized regularly. This initiative aims to create a supportive environment where students can thrive academically, emotionally, and socially.
