REQUEST FOR CERTIFICATE REGARDING SAFETY & SECURITY OF SCHOOL BUILDING

1. Please ref your letter No F 2727/350/KVRHE/2023-24 dated 15 Dec 2023.

2. It is found through above ibid letter that last safety and security certificate of your school having for the Yr 2011-12.

3. A visit conducted by the executive of this division it is found that there are several cracks found along the joints of brickwork and framed structure & along crumple joints at the location of Class VIIIA, VIIIB, IXC, VIIA at First floor. Seepage marks seen from roof slab at Store Room & in front of Scout & Guide Room.

4. Overall it is seen that the cracks create along the joints between two heterogeneous parts of construction and along the crumple joints. Hence, the structure is safe & secure at present. However, a structural audit be carried out for entire school so that any internal damages can be found out for further safety of bldg. for another few years.
