CISF FIRE SAFETY PROGRAMME

A fire safety programme has been conducted on 18/09/2026 by CISF during the morning hours after assembly.

Students have been active participants in this and have learnt a lot about safety measures that can be taken in case there is a fire , how to protective themselves from any mishap and how to help and aid others surrounding them.

Students have been educated about the types of fire extinguishers and how to use them. A demonstration has been done in front of them to show this in live.
