

PM SHRI KENDRIYA VIDYALAYA RAJKOT

SESSION 2024-25

INSTITUTIONAL PLANNING

1. Introduction-

Planning in Education is an extremely important activity as it forms the basis of all programmes of quantitative and qualitative improvement in education. Any educational institution, can't achieve the targeted goals unless it goes for proper planning. Educational planning implies taking of decisions for future actions with a view to achieving predetermined objectives through the optimum use of scarce resources. Institutional planning is a part of educational planning. It is confined to a particular institution and functions keeping the goals of that particular institution. It is one of the grass root level planning. It ensures better and more fruitful use of the resources which the institution has or can have. It is the institution that knows best its needs and problems that have to be solved. Hence it is the institutional planning that can best plan for its welfare and development.

2. Institutional Planning- Definition:

“Institutional planning is a programme of development and improvement prepared by an educational institution on the basis of its felt needs and the resources available or likely to be available, with a view to improving the school programme and school practices. It is based on the principle of optimum utilisation of the resources available in the school and the community.” – M.B.Buch.
