

VIDYALAYA E-PATRIKA

The Vidyalaya E-Patrika mirrors the critical & creative reflections of our young minds. Kindled with thoughts and ruffled with the need to pour their thoughts into the vessel of creative writing forms - our students contribute with absolute zeal : poems, stories, anecdotal records and diary entries to enrich our E-Patrika. It's therefore a celebration of our students' creativity, growth, and resilience.

The E-Patrika is published and inaugurated biennially i.e. on 15th August and 26th January every academic session. Each page reflects their voices, passions, and perspectives, capturing moments of triumph and learning. Each edition is more than a collection of articles and artwork; it's a testament to the vibrant spirit of our school community. The vidyalaya always believes in fostering learners with positive passion which in turn fills these pages with pride, curiosity, and a sense of belongingness. The vidyalaya always remains committed towards celebrating the journey shared and the bright future of our lads that lies ahead and the E-Patrika proves to be of great mettle in this noble purpose!
