

Report on TLM Mela Under PM SHRI Action Plan

A vibrant TLM Mela was organized at PM SHRI Kendriya Vidyalaya No. 1 Air Force Station, Pathankot on July 24, 2024. The event was a collaborative effort involving students, parents, and school staff, with worthy Principal Mr. Karambir Singh serving as the Chief Guest.

The TLM Mela was formally inaugurated with a ribbon-cutting ceremony and the lighting of a lamp. Principal Mr. Karambir Singh, Vice Principal Mrs. Nidhi Sood, and Headmistress Mrs. Jyoti Agnihotri graced the occasion. To set a welcoming tone, the students presented a melodious welcome song.

The TLM Mela showcased a wide range of innovative teaching-learning materials created by students and their parents. Subject wise 4 corners was made to display the TLMs and the event provided a platform for students to demonstrate their creativity and understanding of different subjects.

- The mela featured a variety of TLMs, including models, charts, games, and interactive exhibits. These materials represented different subjects and grade levels, showcasing the creativity and ingenuity of the participants.
- Students were actively involved in demonstrating their TLMs to visitors, explaining their concepts, and answering questions. This interactive approach fostered a deeper understanding of the subject matter and encouraged critical thinking.
- Parents played a crucial role in the success of the TLM Mela. They provided guidance, support, and resources to their children, helping them create meaningful and engaging TLMs. TLM Making competition was organized between parents of the students.

- The mela was open, including teachers, staff, and other students. This provided an opportunity for everyone to learn about innovative teaching methods and appreciate the efforts of the participants.
- Prizes were distributed to the winners of the TLM-making competition by Principal Mr. Karambir Singh, Vice Principal Mrs. Nidhi Sood, and Headmistress Mrs. Jyoti Agnihotri. Principal sir also shared his views, stating that using Teaching-Learning Materials (TLMs) in the classroom can make instruction more engaging and enjoyable. He emphasized that TLMs should be employed to foster a sustainable and engaging learning environment that prioritizes student learning achievement.

The TLM Mela at PM SHRI Kendriya Vidyalaya No. 1 Air Force Station, Pathankot was a resounding success. It showcased the creativity, enthusiasm, and collaborative spirit of the school community. The event provided a valuable platform for students and parents to engage in hands-on learning and appreciate the power of TLMs in enhancing education.
