It is a genuine joy to present the third edition of our newsletter, a dedicated showcase of the incredible spirit within our Primary Section. Looking back on our journey so far, I am filled with gratitude for the collective effort that makes this publication—and our school's success—possible.

I want to extend my sincere congratulations to our hardworking staff. Your commitment to fostering a nurturing and high-quality learning environment is truly the foundation of our students' growth. Thank you for being our partners. Your constant encouragement and active involvement play a vital role in your child's achievements.

A special note of appreciation goes to the Headmistress and the Primary Team. Their diligence in compiling this edition has been outstanding. Through their hard work, they have provided a platform that truly captures the very best of what our students can achieve. I hope you enjoy reading about our latest milestones and the remarkable efforts of our primary stars!

"Education is not the learning of facts, but the training of the mind to think." — Albert Einstein

"Building the Groundwork for Tomorrow"

True education is more than just a collection of data; it is the essential catalyst for a life defined by growth and opportunity. It serves as the bedrock for a journey of lifelong discovery. Guided by the National Education Policy (NEP) 2020, we have witnessed a fundamental shift in how we approach schooling. Today, classrooms have evolved into vibrant hubs of activity-based learning, where students don't just observe—they engage in hands-on exploration to sharpen their natural talents.

At PM Shri KV No. 1 Air Force Station, Pathankot, our primary mission is to fortify the developmental years of our youngest learners. We are dedicated to nurturing these "budding flowers" into the future leaders and exemplary citizens of our nation. Our teaching staff is fully committed to:

Creating Joyful Environments: Turning every lesson into an engaging, fun-filled adventure.

Enriching Experiences: Providing the tools and support necessary for meaningful discovery.

Holistic Grooming: Focusing on character as much as curriculum.

I offer my warmest wishes and unwavering support to the "tiny tots" of our Vidyalaya as they begin this exciting journey.

Seeing these pages come to life brings immense pride. This newsletter is more than just a collection of work; it is a testament to what children can achieve when their potential is nurtured by expert facilitators.
