

Proud Achievement of PM SHRI KV Puri

PM SHRI Kendriya Vidyalaya, Puri, is proud to announce that **Sai Sworup Nayak** and **Sai Pragyan Rath** have been selected for the prestigious **KRITI Initiative** of **IIT Kharagpur**.

They have been selected to participate in the **six-week offline residential programmes, "RISE" and "i-KITES,"** conducted at IIT Kharagpur from **16 May 2026 to 26 June 2026**.

These programmes are designed to foster innovation, scientific temperament, research aptitude, and technical skills through hands-on learning, expert mentorship, and exposure to a vibrant academic environment.

Their selection for this highly competitive programme is a matter of immense pride for PM SHRI Kendriya Vidyalaya, Puri, and reflects their hard work, academic excellence, and dedication.

Student Feedback:

1) Sai Sworup Nayak(XI-SCIENCE WITH CS)

The KRITI Summer Program at IIT Kharagpur was an enriching and inspiring experience. The sessions, mentorship, laboratory visits, and project-based learning significantly improved my understanding of science, technology, and innovation. Presenting our 'Voice Controlled Home Automation System' at PRAVAH boosted my confidence, teamwork, and communication skills. I sincerely thank IIT Kharagpur, KRITI, and Kendriya Vidyalaya Sangathan for this wonderful opportunity.

2) Sai Pragyan Rath(XI-SCIENCE WITH BIO)

KRITI - SUMMER EXPOSURE PROGRAM, organised by IIT Kharagpur. This program is not only for engineering and research oriented but also for building social skills among students. The lectures by IIT Professors, laboratory visits and project based learning improvised my knowledge over Science, Technology, Environment and Innovation. Moreover, working on our prototype named "VAYU" enriched myself with teamwork, understanding and communication skills. I am really very thankful to IIT Kharagpur for organising this program and Kendriya Vidyalaya Sangathan for informing about this wonderful opportunity.
