

PM SHRI Schools

PM SHRI Schools (Pradhan Mantri Schools for Rising India) are a government initiative aimed at transforming select schools across India into model institutions of excellence. These schools are envisioned to offer high-quality education by adopting modern pedagogical methods, digital technology, and holistic learning environments. PM SHRI Schools emphasize the principles of the National Education Policy (NEP) 2020, focusing on experiential learning, critical thinking, skill development, and a student-centric approach.

With a focus on green infrastructure, inclusive education, and teacher capacity building, these schools are designed to nurture the potential of students, ensuring they become well-rounded individuals prepared for the challenges of the 21st century. The initiative also seeks to promote vocational education, multilingualism, and environmental consciousness, contributing to the nation's socio-economic development.

We are proud to announce that **Kendriya Vidyalaya No. 1, Baripada** has been selected as one of the PM SHRI Schools. This recognition underscores our commitment to delivering high-quality education, fostering innovation, and nurturing the all-round development of our students. As a PM SHRI school, we aim to set new standards in teaching practices and create an enriched learning environment for future generations.
