

Report on Activities Conducted at PM SHRI KV No.1 IIT Kharagpur (Last Six Months)

In the last six months, PM SHRI KV No.1 IIT Kharagpur has conducted numerous engaging activities aimed at fostering creativity, national pride, environmental consciousness, and cultural awareness. These events provided students with platforms to showcase their talents and develop essential skills while enriching the academic and cultural environment of the school.

One of the highlights was the Clay Modelling Activity, where students demonstrated their artistic talents by creating intricate clay models. This was followed by a Board Activity, where students shared and displayed their ideas on various subjects, contributing to a vibrant and informative knowledge-sharing environment.

The Book Cover and Bookmark Competition encouraged students to design creative book covers and bookmarks for their favorite books, promoting a love for reading and artistic expression. The Your Favourite Olympian Competition allowed students to honor their admired athletes through essays, posters, and presentations, celebrating values of sportsmanship and perseverance.

Students also participated in the Renovation of Old Artworks activity, where they restored previously created pieces, promoting sustainability and encouraging students to preserve and improve upon existing work.

As part of Siksha Saptah, a Mask Making Contest was conducted, focusing on themes of education and culture. This event allowed students to creatively express the significance of learning and various cultural aspects through their mask designs.

The Ozone Day Contest raised environmental awareness, as students created posters and presentations to highlight the importance of protecting the ozone layer. This activity emphasized global environmental challenges and the need for sustainable practices.

During the Har Ghar Tiranga Flag Making Contest, students created Indian national flags and captured selfies with their creations, celebrating national unity and patriotism.

In the Best Out of Waste Contest, as part of Special Campaign 4.0, students showcased their creativity by repurposing waste materials into functional or artistic items, promoting recycling and sustainability.

For the primary section, Project Veer Gatha was organized to inspire young students with tales of bravery from India's military history. Students presented their understanding of courage and valor through creative presentations and discussions.

On October 1, 2024, the school celebrated Rashtriya Ekta Parv, highlighting the importance of national unity. Students participated in various activities, including speeches, cultural performances, and group discussions, all emphasizing the theme of unity in diversity.

As part of Kala Utsav, the school's students participated in artistic performances under the theme "Vikshit Bharat: A View of India in 2047," showcasing futuristic ideas about AI, women's empowerment, and India's development. The event provided a platform for students to express their visions for the future through art and performance.

Under the Ek Bharat Shreshtha Bharat (EBSB) initiative, the Vidyalaya hosted cultural exchange programs with a focus on celebrating India's diversity. Students from different regions showcased their cultural heritage through traditional performances, strengthening bonds between states and promoting a unified national identity.

These activities collectively contributed to the holistic development of students, fostering creativity, national pride, environmental responsibility, and cultural appreciation. PM SHRI KV No.1 IIT Kharagpur remains committed to providing such enriching platforms for student growth and learning across multiple dimensions.
