

RESULT DAY MESSAGE BY PRINCIPAL

"Excellence is the result of always striving to do better". - Part Riley

Greetings to all students, parents, and teachers!

On the propitious occasion of result declaration for the session 2024-25 of our vidyalaya **PM SHRI KV No.1 IIT Kharagpur**, I take this opportunity to express my gratitude to each one of you for your commitment towards academic excellence. You would agree that result day actually sums up what we did throughout the past academic year to help students learn and achieve the competencies expected from them. Every single effort, and every single stakeholder counts in our collective effort to provide quality education which manifest itself through the results of the school.

In the past year, we focussed on bridging learning gaps and introduced a zero period for remedial classes. Buddy system was brought in to promote peer learning. We worked on providing hands-on experiences and interactive learning strategies in the classroom. About 8-9 PTMs were organized in this session to increase the participation of parents in their wards' studies. We helped students de-addict from smartphones and remain stress-free through a series of workshops organized for their mental well-being. Regularity in attendance was also stressed upon throughout the session. A few students were also debarred from appearing in the exams owing to shortage of attendance.

Further, I would like to inform all of you that the Amendment Act, 2019, which revised the 'No-Detention' provision under Sections 16 and 38 of the RTE Act, 2009, got notified in the Gazette of India (G.S.R. 777(E), dated 16th December 2024, and published on 21st December 2024 will come into effect from the academic session 2025-26. As a consequence, the clause which promoted all students up to class VIII under RTE (whether the child achieved the desired competencies or not) have been removed from the next session onwards. Hence, it has to be ensured that the student achieves the desired age-appropriate competencies before being promoted to the next class.

I can certainly say that the efforts throughout the year produced great dividends and there is a marked improvement in our results as compared to the previous years. I am sure that in the coming years, our school will further progress and excel in all the fields.

With great pleasure, now I take this opportunity to present the results of our school.

Foundational Stages (BV-3, I and II): All 297 students passed and promoted to next class.

Preparatory Stages (Classes III to V): All 447 students passed and promoted to next class.

Middle Stages (classes VI to VIII): Out of 503 enrolled students, 497 students qualified for promotion to the next class. 01 was absent and 05 students have been promoted under RTE.

Secondary (Classes IX and XI): Out of 332 students of class IX and XI, 309 students qualified for promotion to the next class. 05 were debarred due to shortage of attendance, 03 are essential repeats, and 15 are placed for supplementary exam.

The overall pass percentage of the entire school for this academic session is 97.2%.

Our class X and XII students have appeared in the CBSE board exam 2025.

I congratulate all the students on their success. The students who could not fare that well, I wish to tell them that failure is the first step to success and with hard work everything is possible.

I acknowledge the efforts of parents for supporting their children in their studies. I believe that education of our children must be our primary concern because they are the future and they hold a lot of potential. I look forward for more involvement of parents in their child's studies and more co-operation with the teachers.

Finally, I acknowledge the hard work, dedication, and commitment of my teachers, all staff members for their efforts for student's well-being. I am sure that they will continue the good work and bring in more innovation and creativity in the classrooms.

Thank you for your continued support and co-operation!

(Dr. Rikisha Bhaumik)
