

Class 8th Students Field Visit to IVRI, Bareilly - 21/10/2024

On October 21, 2024, students of Class 8 from Kendriya Vidyalaya, AFS Bareilly, embarked on an educational field visit to the Indian Veterinary Research Institute (IVRI) in Bareilly. The visit aimed to provide students with insights into the various aspects of veterinary science and research.

During the visit, students were given a tour of the IVRI campus, where they observed the advanced facilities and ongoing research projects related to animal health, genetics, and biotechnology. They had the opportunity to interact with experts who explained the importance of veterinary research in improving animal welfare, food security, and public health.

Such visits play a crucial role in complementing classroom learning by exposing students to practical applications of science, encouraging curiosity, and fostering a deeper understanding of interdisciplinary subjects.
