WATER CONSERVATION

JAL SHAKTI ABHIYAN:

"CATCH THE RAIN"

बूंद-बूंद से घट भरता है,
पानी से जीवन चलता है.

PM SHRI KV 3-BRD CHANDIGARH

Jal Pakhwada

जल पखवाड़ा

"Using water wisely today means saving it for tomorrow, every drop counts."

12. Saving Water Saves Nature

What Water Can We Reuse?

PM SHRI KV 3-BRD CHANDIGARH

DROPPING SOME WATER CONSERVATION KNOWLEDGE

1 Use a bucket when washing vehicles

Switch from a flowing water hose to a bucket when washing your car or bike.

2 Turn off the faucet

In your daily routine, always turn off taps when not in use, such as when brushing your teeth or washing dishes.

3 New toilets save water

Replace your toilet with a low-flow version. Check for toilet bowl leaks with blue food coloring.

4 Watch the weather

Water needs change daily. Make sure you're paying attention to weather and the calendar.

5 Shorten your showers

Take shorter showers. 5 minutes

6 Water-Wise Gardening

Choose water-saving habits in the garden. Rain barrels and native plants are a great start.
