

PM SHRI KENDRIYA VIDYALAYA NO 2 INF LINE, JAMNAGAR

Labs - Physics/Chemistry/Biology

Our physics lab at Vidhyalaya is well-equipped with modern instruments, providing students with hands-on experience in understanding fundamental principles. Designed to accommodate up to 40 students, the lab fosters an interactive learning environment with a digital interactive board for enhanced visualization of complex concepts. Each piece of equipment is carefully selected to align with curriculum requirements, ensuring comprehensive practical exposure. This space encourages exploration, curiosity, and collaboration, making it an ideal setting for students to deepen their understanding of physics.

Physics Lab
