From the desk of the **Principal**

प्रिय विद्यार्थियों, अभिभावकों एवं शिक्षकवृन्द,

केन्द्रीय विद्यालय गुणपुर की वार्षिक पत्रिका 2026 के नए संस्करण के अवसर पर आप सभी को मेरी हार्दिक शुभकामनाएँ। यह पत्रिका केवल पृष्ठों का संग्रह नहीं, बल्कि हमारे विद्यार्थियों की रचनात्मकता, मौलिक चिंतन और शैक्षणिक विकास का एक जीवंत दर्पण है।

शिक्षा का मुख्य ध्येय बालकों का सर्वांगीण विकास करना है। विद्यालय पत्रिका हमारे विद्यार्थियों को अपनी विचार, कलात्मक प्रतिभा और समस्याओं को व्यक्त करने का एक बेहतरीन मंच प्रदान करती है। इसमें संकलित रचनाएँ उनकी कल्पनाशीलता और बौद्धिक गहराई को दर्शाती हैं।

विगत वर्ष में विद्यालय ने शैक्षणिक, सांस्कृतिक और क्रीड़ा क्षेत्रों में उत्कृष्ट सफलताएँ हासिल की हैं। मैं उन सभी विद्यार्थियों को बधाई देता हूँ जिनकी रचनाओं ने इस पत्रिका को सजाया है, तथा संपादन मंडल के अथक प्रयासों की सराहना करता हूँ।

आशा है कि यह पत्रिका सभी के लिए प्रेरणादायी सिद्ध होगी। विद्यार्थियों के उज्ज्वल और स्वर्णिम भविष्य की मंगलकामनाएँ।

“

I am feeling glade while presenting the Vidyalaya magazine. This is the flourishing time of our young minds. This Vidyalaya magazine is showcasing their tremendous efforts and marvelous creativities. We are ensuring to develop 21st century skill among our pupils and for this purpose every teacher is working passionately. We have the dedicated teachers and of course, students filled up with energy and curios mind. I want to thank all the staffs of this Vidyalaya who are connecting in the various aspect in creating holistic developmental environment for our students to touch the height of the sky.

मेरी कविता

मेरा पर्यावरण, मेरी जिम्मेदारी

पेड़ लगाओ, पेड़ बचाओ,
धरती को फिर से हरा-भरा बनाओ।
स्वच्छ हवा में जीवन है,
हरियाली में भविष्य है।

Aditya Panda
Class V

नदियाँ, पर्वत, जंगल, सागर,
सब हैं प्रकृति के प्यारे उपहार।
इन्हें बचाना हम सबका काम,
यही है सच्चा भारत का नाम।

कम प्लास्टिक का करें उपयोग,
प्रकृति से जोड़ें अपना योग।
छोटे-छोटे कदम उठाएँ हम,
मिलकर सुंदर कल बनाएँ हम।

स्वच्छ भारत, हरित संसार,
यही है हमारा सच्चा प्यार।
आओ मिलकर ये ठानें आज,
धरती माँ का रखें हम सम्मान।

छोटे कदम,
बड़ा परिवर्तन

शिक्षा
संस्कार
संवेदना
सशक्त भविष्य

मेरी प्रेरणादायक यात्रा

“हर बच्चा एक नई संभावना है”

छोटे
कदम,
बड़ी
बदलाव

एक सपना...

बचपन से ही मेरा सपना था कि मैं बच्चों के जीवन में सकारात्मक बदलाव लाने वाली एक शिक्षक बनूँ। मेरा मानना है कि शिक्षा केवल किताबों तक सीमित नहीं, बल्कि जीवन जीने की कला है।

मेरी प्रेरणा...

जब मैं बच्चों की चमकती आँखों में जिज्ञासा देखती हूँ, उनके छोटे-छोटे प्रश्न सुनती हूँ और उन्हें नई बातें सीखते हुए देखती हूँ, तब मुझे अपनी मेहनत का सच्चा अर्थ समझ आता है। हर बच्चा अनूठा है और हर बच्चे में कुछ विशेष है — बस आवश्यकता है विश्वास, मार्गदर्शन और अवसर की।

मेरे अनुभव ने सिखाया...

धैर्य, प्रेम और सकारात्मकता से हम हर बच्चे तक पहुँच सकते हैं। कभी-कभी एक छोटी-सी प्रोत्साहन भरी बात भी किसी बच्चे के जीवन की दिशा बदल सकती है। मुझे गर्व है कि मैं ऐसे विद्यार्थियों के साथ काम कर रही हूँ जो रोज मुझे कुछ नया सिखाते हैं।

मेरा संदेश...

बच्चों से कभी तुलना न करें, उन्हें समझें, सुनें और उनके सपनों को उड़ान देने में साथ दें। शिक्षा का उद्देश्य केवल अंक नहीं, बल्कि अच्छे इंसान का निर्माण है। आइए, हम सब मिलकर एक संवेदनशील, खुशहाल और बेहतर समाज के लिए काम करें।

“हर बच्चा एक कहानी है,
और हर कहानी में एक उज्ज्वल भविष्य छिपा है।”

शिक्षक
आज का मार्गदर्शक
कल का निर्माता

Ajit Kumar Mallik

PRT - Contractual Teacher
Kendriya Vidyalaya Gunupur

“ शिक्षा वह दीपक है,
जो न केवल हमारे
जीवन को रोशन करता है,
बल्कि समाज और राष्ट्र
को भी उज्ज्वल बनाता है। ”

शिक्षा: जीवन को दिशा देने वाली शक्ति

शिक्षा केवल किताबी ज्ञान नहीं है, बल्कि जीवन को सही दिशा देने वाली एक प्रकाश किरण है। यह हमारे विचारों को विस्तार देती है, हमें बेहतर इंसान बनाती है और समाज में सकारात्मक परिवर्तन लाने की शक्ति प्रदान करती है। शिक्षा से ही हम अपने सपनों को पहचान लेते हैं और उन्हें पूरा करने का साहस जुटाते हैं। आज की बदलती दुनिया में शिक्षा हमें नई चुनौतियों के लिए तैयार करती है। यह केवल डिग्री प्राप्त करना ही लक्ष्य नहीं, बल्कि तकनीक के साथ-साथ मानवीय मूल्यों, संवेदनशीलता और जिम्मेदारी का भी पाठ पढ़ाती है।

हमारी भूमिका

एक शिक्षक के रूप में मेरी भूमिका केवल पढ़ाना नहीं, बल्कि बच्चों में जिज्ञासा जगाना, सही सोच विकसित करना और उन्हें आत्मविश्वासी बनाना है। हर बच्चा एक अनमोल रत्न है, बस उसे सही मार्गदर्शन और अवसर देने की आवश्यकता है।

मिलकर आगे बढ़ें

आइए, हम सब मिलकर शिक्षा को केवल अधिकार नहीं, बल्कि कर्तव्य समझें। सीखते रहें, दूसरों को भी सिखाएँ और एक बेहतर, समृद्ध तथा संवेदनशील समाज के निर्माण में अपना योगदान दें।

“ज्ञान बाँटने से बढ़ता है,
और शिक्षा से समाज बदलता है।”

The Sea Smiles

Let's Keep It Clean

The sea is deep, the sea is wide,
A world of wonders, side by side.
It dances, sings, both day and night,
A shimmering dream, a lovely sight.

It gives us food, it cools the land,
It holds a life we don't yet understand.
From tiny shells to giant whales,
The ocean tells a thousand tales.

But plastic, waste and dirt we throw,
Can make the sea a place of woe.
Let's keep it clean, let's do our part,
Show love and care with all our heart.

For a healthier ocean, bright and blue,
The change begins with me and you.
A cleaner sea, a brighter tomorrow —
Let's give the ocean less to sorrow!

My Story

The Little Seed That Taught Me to Dream

One morning, while walking through my school garden, I noticed a tiny seed lying beside a flowerpot. It looked so small and ordinary that I almost ignored it.

I picked it up and thought, "What can something this tiny ever become?"

I planted the seed in a little corner of the garden and watered it every day. For many days, nothing happened. I started losing hope.

Then, one morning, I saw a tiny green shoot coming out of the soil. I was overjoyed!

Days passed, and the little shoot grew into a beautiful plant. Every new leaf reminded me that growth takes time. We cannot always see the change, but that does not mean nothing is happening.

That little plant taught me an important lesson. We are all like seeds. We may begin small, and our dreams may seem impossible at first. But with patience, hard work, care and faith in ourselves, we can grow into something wonderful.

Today, whenever I see that plant in my school garden, I smile. It reminds me that great things often begin with something very small — a little seed, a little hope, and a big dream.

Song of the Village Wind

The river hums a silver tune
Beneath the sleepy sky,
While gentle winds through emerald trees
Like whispered dreams pass by.

The morning wears a crown of dew,
The earth smells sweet and new,
And every leaf that softly falls
Paints nature's living view.

No horns disturb the silent dawn,
No smoke hides stars above,
Only fields of dancing green
And hearts that bloom with love.

The village breeze is soft and pure,
It heals the tired soul,
Like cool rain on summer dust,
It makes the broken whole.

O beautiful and peaceful land,
Where nature sings all day,
The purest joys of life still bloom
Along your simple way.

1. The Homework Excuse!

Teacher: Why is your homework not done?

Student: Ma'am, my pencil got tired!

Teacher: Tired?

Student: Yes, it worked all night in my dreams!

2. Funny Math!

Teacher: If you have 5 apples and I take 2, what do you have left?

Student: Trust issues, Ma'am!

3. Smart Answer!

Teacher: Name a bird that doesn't fly.

Student: A homework bird, Ma'am!

Because it is always on my table!

4. The Sleepy Student!

Teacher: Why were you late today?

Student: Ma'am, I followed my dream...

Teacher: Which dream?

Student: That I was still sleeping!

"Small
Steps Today
for a
Brighter India
Tomorrow"

1 Clean and Green India

I would start a nationwide campaign to plant more trees, keep our surroundings clean and stop pollution.

2 Better Education for All

I would make sure every child gets good quality education, with happy and safe schools, smart classrooms and equal opportunities.

3 No Hunger

I would make sure that no one in India sleeps hungry. Good and healthy food should reach every home.

4 Safe and Happy India

I would make our country safe, where every girl and boy can live without fear and with respect.

5 Help the Needy

I would provide better healthcare for all and special support for the elderly, differently-abled people and those in need.

6 A United and Kind India

I would spread kindness, respect and unity among all, because a strong India is one where everyone stands together.

The Magic of a Teacher

Small
Steps
Big
Changes

"A good teacher teaches lessons.
A great teacher inspires lives."

Every child carries a world within – full of dreams, questions and endless possibilities. A teacher sees that world, opens the windows of thinking and helps those dreams take flight.

A MESSAGE TO EVERY LEARNER

- ♥ Believe in yourself.
- ♥ You may not be the best today, but every day you can become better than yesterday.
- ♥ Mistakes are not your weakness, they are proof that you are trying.
- ♥ Never be afraid to ask.
- ♥ Never be ashamed to start again.
- ♥ And never stop believing in your dreams.

Curious
Minds
Brighter
Futures

A Short Story The Pencil

A teacher once gave a student a pencil and said, "Before you become a great pencil, remember five things."

- 1 You can do great things, but only when you allow yourself to be guided.
- 2 You will experience painful sharpening, but it will make you better.
- 3 Your mistakes can always be corrected.
- 4 What matters most is what you leave behind.
- 5 Wherever you go, never lose your true identity.

The student smiled.
The teacher said, "Remember – you are like this pencil. Your struggles are not stopping you; they are shaping you."

And that is what a teacher does – turns struggles into strength, questions into curiosity, and dreams into possibilities.

A Little Poem The Teacher's Gift

A teacher plants a little seed,
With hope, with care, with every deed.
They water minds with words so wise,
And help young dreams learn how to rise.

They teach us more than books can say,
To face our fears and find our way.
And years may pass, but one thing's true –
A teacher's light stays bright in you.

KENDRIYA VIDYALAYA GUNUPUR

"More than a workplace, it has been a home of learning, love and lifelong memories."

My Happiness and My Life

A Journey of Love, Learning and Little Smiles

My Happiness

My happiness has always been in the smiles of my little learners. Their innocent questions, curious eyes and cheerful "Good Morning Sir!" have made every day special. Primary classes are not just classrooms for me; they are worlds full of joy, creativity and pure love. Teaching them has taught me to see life with simplicity and happiness.

My Life

My life at KV Gunupur has been a beautiful journey of learning, growing and giving. It has given me a purpose, a family and countless memories. Being a part of this esteemed institution has shaped me not only as a teacher but also as a better human being.

My Love for Primary Classes

The energy, honesty and enthusiasm of primary students are unmatched. Their small achievements feel like big victories. I feel truly blessed to be their teacher and to witness their first steps in the world of education.

With Gratitude to My Colleagues

I am deeply thankful to my supportive colleagues who have always stood by me, encouraged me and made my journey smooth and meaningful. Your cooperation, guidance and friendship have been a great strength. I will miss these days and the beautiful times we shared together.

Futures

"The little steps you take today, lead to big dreams tomorrow."

As I Reach the End of My Teaching Career This Year...

As I come to the end of my teaching career this year, my heart is filled with gratitude. Though this chapter is closing, the memories, love and lessons will remain with me forever. I will miss the laughter in the corridors, the busy classrooms, the celebrations, the teamwork and above all, my little stars and my dear colleagues.

Thank You
KV Gunupur

for giving me this wonderful journey, for trusting me, for the love of the students and for the support of my esteemed colleagues. You all will always have a special place in my heart.

Not the End...

Maths in My Hands

Create • Explore • Explain • Learn

Activity Introduction

As part of our Mathematics Subject Enrichment Activity, students of Class 3 created beautiful posters and TLMs on Addition, Subtraction and Ascending–Descending Order. They used their creativity to show mathematical ideas visually and explained their posters to the class. Through this activity, children revised concepts, applied their learning and built confidence by speaking and sharing their work.

Objectives

- ✓ To reinforce the concepts of addition and subtraction.
- ✓ To develop an understanding of ascending and descending order.
- ✓ To enhance creativity through poster and TLM making.
- ✓ To build communication skills by explaining their ideas.
- ✓ To promote confidence and active participation.
- ✓ To make learning of Mathematics joyful and meaningful.

Learning Outcomes

- ✓ Students were able to solve addition and subtraction problems confidently.
- ✓ They could arrange numbers in ascending and descending order correctly.
- ✓ They applied mathematical concepts in a creative way.
- ✓ They improved their presentation and communication skills.
- ✓ They enjoyed learning Maths through a hands-on and artistic activity.
- ✓ They developed a positive attitude towards the subject.

About the Activity

In this activity, children used number cards to explore numbers. They arranged numbers on a number line, formed 2-digit numbers by combining two number cards and also added one-digit numbers using number cards. Through this hands-on activity, they understood number sense, place value and addition in a fun and interactive way.

1 2 3

Learning through Play
for a Brighter Tomorrow!

Maths
is everywhere
—
Let's build
it together!

Learning Objectives

- ✓ To identify and read numbers (0-9).
- ✓ To arrange numbers in correct order on a number line.
- ✓ To form 2-digit numbers using two number cards.
- ✓ To add one-digit numbers using number cards.
- ✓ To develop number sense and place value understanding.
- ✓ To work collaboratively and learn through hands-on experience.

Highlights of the Activity

- ✓ Explored number cards and identified numbers.
- ✓ Arranged numbers on a number line.
- ✓ Combined two number cards to make 2-digit numbers.
- ✓ Added one-digit numbers using number cards.
- ✓ Discussed and corrected each other's work (peer learning).
- ✓ Built confidence through hands-on practice.

Skills / FLN Competencies (As per NEP 2020)

- ✓ Numeracy Skill
- ✓ Logical Thinking
- ✓ Critical Thinking
- ✓ Problem Solving
- ✓ Collaboration
- ✓ Communication
- ✓ Creativity

Support for Learners Who Need Extra Help

- ✓ Use larger number cards with clear pictures.
- ✓ Start with numbers 0-9 for strong foundation.
- ✓ Provide a ready number line for practice.
- ✓ Use concrete objects (beads/counters).
- ✓ Give step-by-step oral instructions.
- ✓ Peer support and teacher guidance.

Modern Solutions
Brighter Future

Model Spotlight

"Indian Knowledge System for Sustainability"

About My Model

My model is based on the theme
"Indian Knowledge System for Sustainability".
It shows how traditional Indian practices and
ancient wisdom can help us live in harmony
with nature and build a sustainable future.

Key Highlights

- Use of natural resources wisely
- Traditional farming and organic practices
- Water conservation (ponds, rivers, rainwater harvesting)
- Living with nature and maintaining biodiversity
- Simple and sustainable lifestyle inspired by Indian culture and values

Through this model, I wanted to show that our
ancient knowledge still has solutions for today's
environmental challenges and can guide us towards
a greener and healthier tomorrow.

Aradhya Bajpai

AI: The Mind of Tomorrow

In circuits bright and silent streams,
AI was born from human dreams.
A spark of thought, a coded light,
Awakening through day and night.

It learns from words, from sound, from art,
A clever mind, yet no true heart.
It helps us build, create, explore,
And opens every hidden door.

From doctors healing with greater care,
To students finding answers there,
From farming fields to stars above,
AI expands the things we love.

But wisdom must guide every hand,
That shapes the future of this land.
For tools grow strong with every day,
And humans choose the final way.

So let AI and people stand,
Together shaping every land.
Not fear, but hope, should lead the way,
Toward a brighter, smarter day.

— Chandra Sekhar Sahu

Artificial Intelligence – A New Era of Technology

Smarter Minds • Brighter Solutions • A Better Tomorrow

Think
Learn
Create
Grow

"Technology
today,
A brighter
tomorrow."

Education

Healthcare

Agriculture

Banking

Transport

Communication

Artificial Intelligence, commonly known as AI, is one of the greatest inventions of modern science. AI is a technology that enables machines and computers to think, learn, and make decisions like humans. Today, AI is used in many fields such as education, healthcare, agriculture, banking, transport, and communication.

AI makes our work easier and faster. Students use AI for learning, doctors use it for diagnosing diseases, and farmers use it to improve farming methods. Voice assistants, online translators, and smart robots are all examples of AI in daily life.

However, AI is only a tool. It does not have human emotions, kindness, or wisdom. Therefore, humans must use AI carefully and responsibly. If used properly, AI can improve society and create a better future.

Together
for a
Smarter
Tomorrow

Moral Story: "The Smart Robot and the Lazy Student"

Once there was a student named Ravi who loved using AI tools for his schoolwork. Whenever the teacher gave homework, Ravi asked the AI to do everything for him. He stopped reading books and stopped practicing writing on his own.

One day, the school announced a surprise examination. During the exam, Ravi could not use his AI tool. He did not know the answers because he had never studied properly himself. He became worried and disappointed.

Another student named Meera also used AI, but she used it wisely. She learned difficult topics with the help of AI and practiced by herself every day. In the exam, Meera performed very well.

After seeing this, Ravi understood his mistake. He realized that AI should be used for learning and guidance, not for becoming lazy.

"AI is not
just a tool,
it's a chance
to make a
better world."

Moral: Technology is helpful only when used wisely.
Human effort and hard work are always important.

“स्वस्थ तन
स्वस्थ मन
उज्ज्वल भविष्य”

खेल योग (Khel Yoga)

“खेल-खेल में स्वास्थ्य, योग के संग विकास”

Fit
Mind
Active
Learning!

दिनांक : _____

कक्षा : V

स्थान : विद्यालय परिसर/कक्षा-कक्ष

गतिविधि : खेल योग

उद्देश्य

- योग को खेल के रूप में रोचक बनाना।
- शारीरिक लचीलापन, संतुलन व समन्वय बढ़ाना।
- टीम वर्क, सहयोग और आत्मविश्वास को विकसित करना।
- मानसिक एकाग्रता व सकारात्मक ऊर्जा को बढ़ाना।

साथ में संतुलन, साथ में प्रगति

योग के लाभ

- ✓ शारीरिक स्वास्थ्य में सुधार
- ✓ एकाग्रता और स्मरण शक्ति में वृद्धि
- ✓ तनाव में कमी
- ✓ सकारात्मक सोच का विकास
- ✓ सहयोग और टीम भावना मजबूत
- ✓ खुश, सक्रिय और आत्मविश्वासी बनना

लचीलापन और नियंत्रण

संतुलन और सहयोग

सीखते हुए, साथ बढ़ते हुए

योग

सहयोग

खुशी

खेलो
योग करो
मजबूत बनो

छात्र-छात्राओं की प्रतिक्रिया

- योग के माध्यम से नई गतिविधियों सीखने में आनंद आया।
- साथियों के साथ मिलकर करने से आत्मविश्वास बढ़ा।
- योग अब और भी रोचक और मजेदार लग रहा है।

शिक्षक की टिप्पणी

- छात्रों ने खेल योग गतिविधि में उत्साहपूर्वक भाग लिया। गतिविधि ने शारीरिक फिटनेस के साथ-साथ टीम भावना, अनुशासन और सकारात्मक दृष्टिकोण को भी मजबूत किया।

आगे की योजना

- नियमित रूप से खेल योग सत्र आयोजित करना।
- अधिक से अधिक छात्रों को शामिल करना।
- विभिन्न योग-आधारित खेलों को फाउंडेशन गतिविधियों में समाहित करना।

CLASSROOM DECORATION

LEARNING WITH TOYS & TLMs

The teaching learning process has become very easy and interesting with the help of Toys and TLMs. All the students are using these Toys and TLMs enthusiastically. The teachers are also quenching the curiosity of the young minds with the help of the Toys and TLMs.

LEARNING WITH TOYS & TLMs

CLASSROOM ACTIVITIES

Introduction

In This quarter, our classroom activities have focused on enriching students' academic growth while nurturing their creativity through the innovative use of the Toy and Teaching- Learning Materials (TLMs). These tools have proven essential in making lessons engaging, interactive, and enjoyable for students.

Utilization of Teaching-Learning Materials (TLMs)

In addition to toys, we continued to incorporate a variety of Teaching-Learning Materials (TLMs) into the classroom. TLMs such as flashcards, visual charts, and interactive models have played a key role in enhancing the learning experience. These materials helped students understand complex topics in a simplified manner.

For example, visual charts were used extensively in Environmental Studies to explain processes like the water cycle and plant growth, while flashcards in Language Arts aided vocabulary building and reading skills. Interactive TLMs, including digital learning tools, helped create a more dynamic classroom environment, where students could learn through both traditional and digital mediums. The combination of hands-on and visual learning has had a positive impact on student engagement and retention of concepts.

Parent's Involvement
Strengthen Confidence

Together Towards Success

Meaningful Conversations for Brighter Futures

- ✓ Shared academic progress
- ✓ Discussed strengths and areas of improvement
- ✓ Exchanged ideas for better support at home and school
- ✓ Guided students with personalised suggestions
- ✓ Reinforced the importance of regular practice, reading and positive habits
- ✓ Strengthened the parent-teacher partnership

"When school
and home work
together,
children bloom!"

"Thank you, dear Parents,
for your time, trust and
active participation.
Your involvement
makes a big difference
in your child's journey!"

Together for Every Child's Growth!

PARENTS IMPRESSIONS

I am writing to express my heartfelt appreciation and satisfaction with the quality of education and care provided by your school. As a parent, it's been a pleasure to see my children thrive and grow in a nurturing environment.

As my child Aayaan is in Class - 1, the class teacher is exceptional and her dedication to the students' learning and well-being is evident. With her efforts my child is growing with a kind nature and positive mind.

I appreciate the regular updates and communication from the school.

Thank you for creating a safe, supportive and inclusive environment that allows children to reach their full potential. I'm grateful to be a part of this school community.

Sincerely,

Mr. Pramod Pattnaik

Acknowledgement

Principal's Message

Your visionary leadership inspires us to aim higher. Thank you for your constant support.

Teachers' Message

Your dedication, hard work and unwavering commitment shape brighter futures. Thank you for being our guiding light.

Students' Message

Your enthusiasm, creativity and energy make our school a vibrant place. Thank you for filling every page with joy.

Parents' Message

Your trust, cooperation and continuous support strengthen our efforts. Thank you for walking this journey with us.

With Heartfelt Gratitude

We extend our sincere thanks to everyone who has contributed directly or indirectly to the successful completion of this endeavour. Your support, guidance, encouragement and constant belief in us have made this possible.

*Together we learn,
Together we grow,
Together we make
a difference.*

Non-Teaching Staff

Your behind-the-scenes efforts keep our school running smoothly. Thank you for your dedication and service.

Our Well-wishers

Your encouragement and good wishes motivate us to do better. Thank you for always believing in us.

Community & Alumni

Your continued support and connection inspire us to grow stronger. Thank you for being an integral part of our journey.

Editorial Team

Your creativity, commitment and teamwork have brought this magazine to life. Thank you for your invaluable contribution.
