KENDRIYA VIDYALAYA GUNUPUR

REPORT ON PUSTAKOPAHAR ACTIVITY

A Pustakopahar Activity was organized at Kendriya Vidyalaya Gunupur to encourage the habit of reading and promote the values of sharing and caring among students.

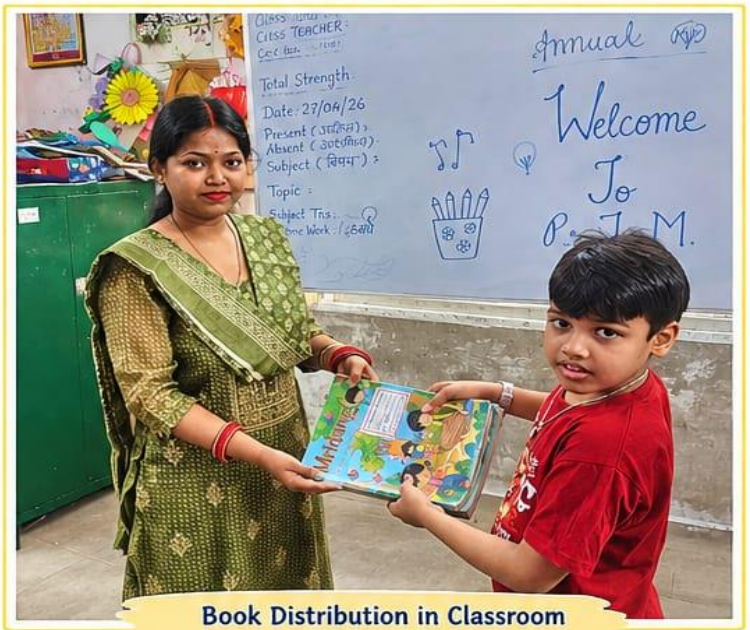

As part of the activity, a total of **35 books** were donated by students from different classes. The books included storybooks, children's literature, general knowledge books and other age-appropriate reading materials.

The activity provided students with an opportunity to share their books with fellow students and encouraged them to make meaningful use of books that were no longer required by them.

The donated books were collected and arranged systematically for the benefit of students. The activity was successful in promoting a reading culture, sharing spirit and love for books among the students.
