UNDERTAKING FOR POTABLE DRINKING WATER

The drinking water of the Vidyalaya was tested on 11.05.2023 at the District Level Water Testing Laboratory, Giridih. As per the available water testing report, the water sample was found to be within the permissible limits for the parameters tested as per the applicable BIS standards.

At present, the Vidyalaya is in the process of obtaining a fresh/latest Potable Drinking Water Certificate. Necessary action is being taken, and the Vidyalaya is making all possible efforts to obtain the updated certificate at the earliest.

This undertaking is given in the interest of the health, safety and well-being of the students and staff of the Vidyalaya.
